\$1.2 Million Grant for Madoc Village

As part of grants totalling \$1,235,000 for the construction of water distribution and sewage collection projects, the Village of Madoc has received first payments totalling \$18,685. Environment Minister Jim Bradley announced July 18, 1986.

Of this amount, \$8,996 are earmarked for the engineering of the construction of the water distribution system and \$9,689 for the engineering of the construction of the sewage collection system.

The total cost of the water distribution system is estimated at \$814,000 for which the Province will provide a grant of \$667,000. The total cost of the sewage collection system is estimated at \$693,000, of which the Province will provide \$568,000.

Both projects are scheduled for completion by December 1986.

Doug Parks, Madoc Village Clerk says that Council is still awaiting final design approval but that they hope to see the work start on September 1st.

Burglary at Johnston's

Johnston's Pharmacy was burglarized some time between 9:30 p.m. on Friday, August 1st, and opening time on Saturday.

Approximately \$800 in cash was stolen, along with a quantity of drugs. Elavil, valium, iramin, florinal, demerol and talwin made up the bulk of

the missing drugs.

Constable Jim Eadie from Madoc and Constable Glen Fowler, I.D. Branch, investigated the occurrence and their report indicates that there was no sign of forced entry.

Pharmacist Gord Johnston said, "Drugs seemed to be the thief's main target."

Dairy Princess

Maribeth Burkitt from Frankford, was declared Hastings County Dairy Princess for 1986/87.

Maribeth and three other contestants, had been interviewed by a panel of judges to determine their knowledge of the dairy industry, their community service and poise. Subsequently, each contestant delivered a short speech as part of the competition to a crowd of around 500.

Maribeth's presentation was entitled 'A closer Look at Milk'.

in which she pointed out the importance and value of milk in a daily diet. She concluded her speech with three emphasized words, 'Make Milk'.

Maribeth is the 21 year old daughter of Bob and Evelyn Burkitt of R.R.2, Frankford. She is a university student and helps on her father's dairy farm part-time.

In August 1987, Maribeth will represent Hastings County in the Provincial CNE competition.

Mandatory Anti-Rabies Shots

Effective September 13th, it will become mandatory for all domestic dogs and cats to be vaccinated against rabies.

The tremendous increase in the number of reported rabies cases has prompted the Hastings and Prince Edward Counties Health Unit to adopt this protective health measure.

The spread of the disease has seen some 290 people receiving anti-rabies

vaccine treatment this year. In the same time period last year, 23 people needed the treatment. The treatment is costly, over \$500 per person, which is paid for by the Health Unit, but without the vaccine,

affected humans would die.

Low cost rabies clinics are being organized and pet owners should take advantage of them when they are in the area. Proof of vaccination for each

animal must be kept and must be produced if a pet requires treatment after exposure to a rabid animal. Failure to produce a certificate could result in a fine of up to \$5,000 dollars

H.T.F.D. First Annual Yard Sale Termed Huge Success

The Ladies Auxiliary of the Huntingdon Township Fire Department was formed with a specific purpose in mind. That purpose is to raise funds for additional equipment for the firemen.

In their first year of organization, they are doing just that. On Saturday last, they held a giant yard sale in front of the fire hall with satisfying results.

They were so impressed with the support of the community and the number of buyers that they changed the name of the event to The Huntingdon Township Fire Department Ladies Auxiliary First Annual Yard Sale. (Phew!)

At the time we

visited, most of the stuff had gone and the Auxiliary had more than \$600 in the kitty to buy some new toys for the boys of H.T.F.D. The "shy" Randy Hachey, said that they had started setting up at 7:30 with a nine o'clock opening in mind, but by eight a.m. they had a throng of anxious buyers just waiting to hand over their money.

Coffee and donuts were available to help sustain the hungry buyers as they pored over the bargains. Lawn mowers, kitchen stoves, furniture, clothing, washing machines, radios and knick-knacks of all kinds were offered for sale, with the baked goods table being the first to be

sold out.

All the helpers agreed that Zeff and Krista Bernstien deserved recognition for the amount of work they had put into the project. Zeff and Krista demurred, saying that it had been a team effort, but looked pleased nonetheless.

They were all anxious to make sure that everyone knew just how much they appreciated the tremendous support by the community for this sale. "It's unbelievable, the amount and quality of the items donated," said Juan Rowlands.

Well done Ladies and a pat on the back to the men who helped, including Bill (That's 'Councillor') Allen.

Maribeth Burkitt, Hastings County Dairy Princess for 1986/87, receiving her sash from outgoing Princess, Carol Brennan.

Super Sales Team of Huntingdon Township Fire Department. L-R. Randy Hachey, Bill Allen, Krista Bernstien, Zeff Bernstien and Juan Rowlands.

Ninety Seventh Birthday

Edward Street
 Manor in Stirling.
 Mrs. Hailstone was
 a member of the
 Madoc community
 for many years with
 her husband Jack,
 who started the Hail-
 stone Plumbing busi-
 ness in 1924.
 They operated the
 business until 1947
 when son Ted took
 over.
 Mrs. Hailstone was
 born near Spring-
 brook and is one of
 eight children, six of
 whom are still living.
 Have a Happy
 Birthday Mrs.
 Hailstone.

August 8th, will celebrate her
 97th birthday at the

Big Brothers and Big Sisters Car Rally

agency has
 things sche-
 for August.
 If
 planning to
 any of the Fall
 Centre Hast-
 stop by our
 In Tweed, Jim
 is planning on
 up his Ham
 system, and he
 nd messages

 ing we will be
 a draw on
 items donated
 ring, busines-
 Mad Marmora's

plans are still a
 secret, even from
 me...
 Plan to attend the
 Fairs, and plan to
 visit us there.
 Make sure you pick
 up a registration
 form at the booths
 too, we are having
 our first annual FUN
 CAR RALLY on
 September 7th. We
 are hoping it will be
 fundraiser for us as
 well as a fun event
 for the drivers, so
 there will be a ten
 dollar registration
 fee. However, there
 will be trophies, an
 afternoon of fun and
 games after the
 rally.
 The RALLY rules are
 that there must be a
 child as a navigator,
 you must have valid
 proof of insurance,
 and you must be
 prepared to do some
 pretty wier 1 things
 on the drive through
 Centre Hastings.

There will be a
 scavenger hunt, and
 a riddle solving, and
 hidden checkpoints to

find. The final check
 point will be at
 Vanderwater Park in
 Thomasburg.
 We have all kinds
 of activities planned
 for after the Rally.
 Hamburgers, hot
 dogs, pop and coffee
 will be available for
 lunch there. We are
 having sack races,
 tug of wars, egg toss,
 water balloon toss, a
 band for music. We
 are also hoping to
 have a pot luck
 supper later, with a
 Benefit Ball Game in
 the evening. We have
 asked the O.P.P. to
 field their crazy team
 to play against some
 of our Big Brothers
 and Big Sisters, plus
 other volunteers and
 friends of the agency.

One way and
 another September
 7th, Sunday from
 registration at 9:30
 a.m. to the end of the
 ball game at around
 9:30 p.m. it should be
 a real good day.
 Plan to attend, and
 be ready to have
 some good laughs all
 day.

O.P.P. Report

On Saturday, July
 26, 1986, Leo Gauthier
 of RR 3, Marmora,
 reported his cottage
 broken into. Entry to
 the cottage was made
 by jimmying the rear
 door. Nothing was
 reported stolen.
 On Sunday, July 27,
 1986, Monica
 Youmans of Deloro,
 Ontario, reported her
 house entered and a
 cassette recorder
 stolen. As a result of
 an investigation

conducted by Const-
 able J. Stong, Ronald
 A. Price, 28, of RR 1,
 Marmora, Ontario,
 has been charged
 with break, enter and
 theft.

Irene Evans of
 Madoc, Ontario,
 reported someone
 had cut the canvas on
 their tent trailer. The
 damage occurred
 between July 26-28,
 1986. The damage
 was estimated at
 \$400.

Comment

Vince Kerrio,
 Minister of Natural
 Resources, has just
 told fishermen that
 they will have to
 purchase a \$10
 licence next year if
 they want to fish. The
 money raised from
 these licences is

intended to increase
 the stock of fish
 raised in hatcheries
 for eventual trans-
 planting into our
 lakes.

Not too long ago,
 the M.N.R. published
 it's annual booklet

detailing those lakes
 that are polluted and
 listing the fish
 species in these lakes
 that should not be
 eaten, or, eaten in
 moderation.

So there you have
 it. On one hand the
 Ministry says

"beware of tainted
 fish in our polluted
 lakes," and on the
 other hand, the
 Minister seems to be
 saying, "Pay for
 your licences lads, so
 we can grow more
 fish to put into our
 polluted lakes."

Gypsy Moth Surprise

The Ministry of
 Natural Resources
 had a pleasant

surprise when they
 conducted surveys to
 determine the

damage done by the
 Gypsy Moth cater-
 pillar this year.

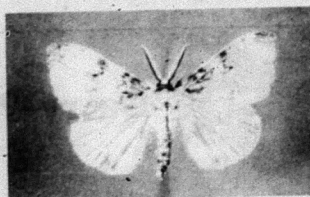

They had esti-
 mated that 750,000
 hectares would suffer
 moderate to severe
 defoliation this year,
 a 250% increase over
 last year.

To everyone's
 surprise, the area
 affected had
 decreased to 167,000
 hectares, which is
 about 32% less than
 in 1985.

While not entirely
 sure what the major
 contributing factor is

for this decrease,
 there is evidence that
 a virus and two types
 of parasite are
 having an effect on
 the caterpillars. This
 and the spray pro-
 gram seems to have
 lessened the impact
 of the destructive
 pest.

Alec Denys, of the
 M.N.R., cautions
 however, that the
 Gypsy Moth is here
 to stay and that
 control methods will
 have to be
 maintained.

Gypsy Moth

Old Madoc Bakery

The old Madoc
 Bakery Shop on the
 corner of Russel and
 St. Lawrence West is
 being restored.

Owner Ron Moffat
 with his helpers,
 have been working on
 the interior and on
 Friday last was busy
 leveling the dirt
 floor in the front
 room prior to laying
 a new floor.

The building,

which is estimated to
 be about 110 years
 old, "Is in pretty
 good shape for it's
 age," said Moffat.
 "The roof is sound,
 with no sign of a
 leak," he said, "but
 all the plumbing and
 wiring will have to be
 replaced."

He wants to restore
 the building to it's
 original appearance,

retaining the unusual
 store front type
 windows.

"This is the first
 time I've attempted
 such a project," said
 Moffat, wiping his
 brow and adding, "It
 will probably be the
 last one too."
 Commenting on the
 split level dirt floor in
 the front room, he
 says that he started

to dig in one spot and
 encountered a
 massive boul-
 der. He quit
 digging.

He has had lot's of
 visitors since he
 started work on the
 building, some of
 them reminiscing on
 the "Old Bakery"
 and from some that
 had worked there
 years ago.

this is what the neighbourhood looked like in
 1875. Looking west from Durham St. along St.
 Lawrence. Could that be the old Bakery
 Building in the distance?

Stirling woman displays pottery at arts festival

One of the many delights of the Hastings Blue Heron Festival of Fine Arts held July 25-27 was the delicate but practical pottery work of Shirley Maxwell of Stirling.

Her work is in great demand and this is especially so of her refined and rare Mocha technique. It is an almost lost technique that Mrs. Maxwell spent six years trying to master and one that she 'despaired of ever finding.'

She says that the technique was named because of its 'resemblance to the moss or the tree-like designs found in Arabian quartz known as Mocha Stone.'

Traditionally, Mocha decoration was used in England and Scotland to decorate functional ware but its use seemed to end about 1910. The oldest known piece of 'Mocha Ware' can be found in Ipswich, England in Christ Church Mansion. It is dated from 1799.

In 1852 Charles Dickens visited the Copeland works at Stoke-on-Trent and described the Mocha Ware: 'those particular jugs were once

more set upon a lathe and put in motion... a man blew the brown colour on them from a blowpipe as they twirled; his daughter, with a common brush, dropped blotches of blue upon them in the right places; tilting the blotches upside-down she made them run into rude images of trees.'

Mrs. Maxwell explains that there are only a few potters today who have, through trial and error, discovered the secrets of Mocha decoration; and as we don't plan on spreading the formulas around it will probably remain an elusive design.

In the ten years that Mrs. Maxwell has been pursuing her craft, and the six years of 'trial and error' devoted to tracking down the perfect Mocha formula, she has yet to find anyone teaching the beautiful but lost technique.

She admits that the quest was very hard and that the 'formula' she uses in Mocha decoration was very difficult to find; it was, in fact, 'truly and accident'. What she has used is a decoction of tobacco and oxides. It has worked and puts her in a very rare category of potters.

Mrs. Maxwell believes that the reason that Mocha decoration and the techniques associated with it are largely left to the deft strokes of Charles Dickens is because the original artisans did not keep records preferring the oral tradition of bequeathing style and technique.

It was passed down from father to son (or, in Dickens' description, to the daughter) and then probably became unfashionable, she speculated.

And now it is left to

the industrious explorations and experiments of Mrs. Maxwell.

Mrs. Maxwell, who was trained at Loyalist College in Belleville, has thought about teaching the Mocha technique; she has 'seriously' thought about writing a book or at least doing an article on the process she so loves.

About her craft, Mrs. Maxwell said that pottery just 'felt right' and was the sort of thing that she'd been looking for, having tried her hand at other forms of arts and crafts. She said that it is like any other artform and requires long hours to master; the actual creation of the form takes much less lead time but to get to the stage of manipulating an object to design takes much more time.

She says that this pottery is 'spontaneous fun' and is constantly exciting. She says that her work is 'completely rewarding'. Other crafts, she says, are tied into light borders but in pottery she feels that she is not limited in what she can do.

An instructor at Loyalist, Wayne Cardinal, taught her to view pottery as an unbounded thing where there were no rules; 'if you could get away with it, do it,' she said.

This blend of the artistic with the functional is what fascinates her about pottery.

The original potters were so ingenious, she said. They were so creative in outlook. If they needed something they went out and made it, she said.

The ingenuities of the craftsman wedded to the creativity of an artist is what the 'ancients' constantly demonstrated.

Although there are

a lot of potters in Canada (there are around ten in the Stirling area alone!) her work is highly prized. Last year she was one of only three potters invited to the Mississippi Crafts Guild exhibition and is once again being considered by their highly prestigious jury. She is set to do a show in Ottawa at the Congress Centre and also a September show in Pittsburgh.

Mrs. Maxwell says that she brings about 'a half-dozen' of each of things she makes

to a show like the one in Hastings and says that a present bathroom sets are extremely popular as are pate dishes. She sells a 'little bit of everything,' she says.

Her pottery studio is located north of Stirling three miles along highway 14. Her work is on display in galleries in Niagara; Bangor, Maine; Prescott; and Bay St. Louis, in Mississippi. To get in touch with Mrs. Maxwell telephone 395-3084.

River Valley community picnic held

A "Community Picnic".

That statement has a happy ring to it anytime. It means food, fun and friendly people.

Sunday, July 20th, saw the RVWI host this annual event. Jack and Joan Bush had again offered their shady beach park. Soon the food table was laden with a delightful variety of it. Joan welcomed the group, then Mary led in the WI Grace.

Following the meal, president Gayle, thanked the hosts on behalf of all, and presented them with a set of patio lights and Bar-B-Que tools. Jean Donohoe, although unable to be present, was later taken a gift, just as a 'thank you' for

services given to the W.I. during the year.

More folks came along later to visit, have a swim or perhaps to enjoy that delicious watermelon always served at 3 o'clock.

A short business session was held. Plans were discussed for two catering events coming up at The Centre. The next W.I. meeting will be held August 21st, at 1:30 p.m., at the home of Mrs. George Grills. In case of rain - The Centre. The topic will be "Enemies of our Environment".

THE CORPORATION OF THE VILLAGE OF MADOC PUBLIC MEETING CONCERNING A PROPOSED ZONING BY-LAW AMENDMENT

CE THAT the Council of the Corporation of Madoc will hold a public meeting on August 6, 1986 at 7:30 p.m. at the Madoc Village Office, Madoc, Ontario to consider a zoning by-law amendment under Section 34 of the Act.

The zoning by-law amendment would change the category of West Part of Lot 1, Plan 218 shown as 134 Elgin Street Village of Madoc residential zoning to R2 Residential to permit a single family residential unit to be a duplex.

Persons may attend the public meeting and/or in verbal representation, either in person or in opposition to, the proposed zoning amendment.

INFORMATION relating to the proposed zoning amendment is available for inspection at the Madoc Village Office Monday - Friday at the Madoc Village Office.

NO. 1145 Dated at the Village of Madoc this 1st day of August 1986.

Douglas Parks, A.M.C.T. Clerk, Village of Madoc, 107 St. Lawrence Street West Box 310 Madoc, Ontario K0K 2K0

THE CORPORATION OF THE VILLAGE OF MADOC PUBLIC MEETING CONCERNING A PROPOSED ZONING BY-LAW AMENDMENT

THE SURVEYS ACT

notice that under section 52 of The Act, Revised Statutes of Ontario Chapter 493 as amended a hearing of the Surveyor General will be held in the Boardroom, Bancroft District Office, Ministry of Natural Resources, Bancroft, Ontario, on August 21st, 1986 at 2:00 p.m. local time in the afternoon to consider the following resurveys shown on the following maps and field notes of survey:

- Survey of Frontenac Township Boundary of the Township of Frontenac
- Survey of Renfrew Township Boundary of the Township of Renfrew
- Survey of Hastings Township Boundary of the Township of Hastings
- Survey of Lennox and Addington Township Boundary of the Township of Lennox and Addington
- Survey of Nipissing Township Boundary of the Township of Nipissing
- Survey of Haliburton Township Boundary of the Township of Haliburton
- Survey of reports, plans and field notes of the Surveyor General, Ministry of Natural Resources, Parliament Buildings, Ottawa, Ontario.
- Persons interested in or affected by the surveys referred to herein may attend at the hearing and will be heard concerning objections as to why the surveys as shown should not be confirmed.
- Persons further take notice that if any person persons do not attend at this hearing the Surveyor General may proceed in their absence and they will not be entitled to further notice in the proceedings.
- Dated the 7th day of July, 1986.
- S.B. Panting, Surveyor General

line as the Village has to install a catch basin in the same area and is unable to complete the work until Bell Canada removes the underground cable.

Mr. Wes Moore of Quatic Clean attended Council and related a process to remove copper from municipal water. He added that Madoc water has a high level of copper which attacks the pipes. Q.Clean was brought out in 1981 and it gives a softened water effect. The capital cost would be \$600,000/1000 for the chemical feed pump and about an \$8,000 annual chemical cost. He added that to remove phenols in water they have a carbon filter system which would cost some \$36,000 in capital cost for equipment.

Council discussed the products and authorized Mr. Moore to contact Bob Baker of Totten Sims and Hubicki to relate product information.

Bob Clarke of Totten Sims and Hubicki attended Council on the Municipal Rezoning Program. Council reviewed the draft use map and discussed progress to date. Mr. Clarke said that at the next meeting with Council in August they will

have a draft schedule of the zoning by-law.

The Clerk is instructed to write to Victor Radmeo of the MOE for written clarification for the 1986/1987 increase in major items on the Lagoon operation - why a 31.87% increase from 1984/1985 actual to 1985/1986 budget.

The Council objected to the Township of Madoc zoning by-law 668-86 on the grounds that the proposed development could interfere with the quality and quantity of present and future potable water supplies for the village of Madoc. (The Township by-law is in connection with a re-zoning from single dwelling to multiple dwelling residence at the western edge of the Village).

Council approved the contract between the Village and Neath Toronto Limited for the repair to the Water Tower and that the Reeve and Clerk be authorized to sign the documents on behalf of the Village of Madoc.

A motion was carried that Mrs. Evans be advised that prior to her water pump problems, the Village Foreman had offered to supply municipal water to her which she refused, therefore this municipality will not reimburse her for

the pump repair costs.

The Clerk is to contact the Ontario Good Roads Association requesting information on their "HELP" program.

A motion to accept an offer of \$15,000 from the Board of Education for lots 45 and 46, south side of Elgin Street was not seconded. The motion was lost.

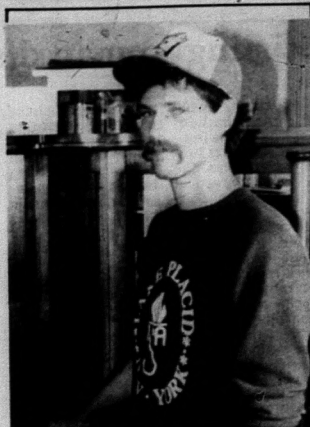

Another motion to submit a counter offer of \$18,000 for these lots to the Board of Education was defeated. Finally a motion was made that the Village counter offer at \$19,000 for lots 45 and 46 south side of Elgin St to the Board of Education. This motion carried.

A motion was made and carried that the Clerk's report on Tammy Sandfords probation period be accepted and that in accordance to the original terms of employment, her salary be increased effective August 1st, 1986.

The Clerk suggested that the parking space sizes for the handicapped parking areas be as follows - Durham Street north of St. Lawrence, 16 feet. St. Lawrence Street, east of Durham Street, 28 feet. St. Lawrence Street at the Medical Centre, 54 feet between the two driveways. Council agreed to these sizes.

Reeve Deline advised that the Hastings County Board of Education is doing repairs to the Madoc Public School and has asked for the replacement of the water meter to a 2-inch meter which they have in stock as this will give them more room in the furnace room. He added that the reduction will cost the Village in excess of \$5,000 annually in lost revenue from the present 3-inch meter revenues. A motion made by councillor Watson that the Board of Education be permitted to make this replacement did not receive a second and was therefore lost. The Clerk was then instructed to advise the Board of Education that the 3-inch meter is to remain.

Deputy Reeve Watson advised that two underground fuel oil storage tanks have been removed at the Madoc Public School and he suggests that the Council have the MOE inspect the tanks for leakage before they remove the tanks off site. The Clerk was instructed to ask the MOE to carry out this inspection.

Jeff Bingham

Jeff Bingham is a young man with a lot of talents in many directions.

A skilled carpenter, he started refinishing antique furniture some time ago, but says for the past six months or so it has become a full time business.

By word of mouth, people have been hearing about his work and business has reached the point where he was forced to hire an assistant. He still does some outside carpentry work, but is cutting it down more and more as he finds his time being taken up with refinishing antiques and restoring his house to it's original appearance.

No "dip and strip" operation here. Everything is done by hand with great care and attention. Each piece is done

separately and refinished with hand rubbed stain that results in a soft glow to the finished product.

Jeff seems to thrive on a regimen of hard work and quietly bemoans the fact that he can't spend more time on his other love, photography.

He strives to restore the pieces he works on to an authentic period finish, and on one occasion he connected a stain made from malt vinegar, rusty hand cut nails and a few other items. He says he found this "recipe" in a book from the 1860's.

He calls his business, Classic Lines, not only because of the type of furniture he works on, but because it reflects his attitude to his work.

Job Stabilization Program

Alice Haweman

A new program has started in Centre Hastings for the developmentally handicapped.

The program, Job Stabilization or job coaching provides on-the-job assistance and support for individuals until they

settle into their new roles.

Sponsored by the Ministry of Community and Social Services, the program is being provided by a private agency, Fryers Addiction Consultants. Cont'd on page 5

Specifications, information to bidders, tender forms and envelopes may be obtained in person or by mail from the Regional Office, 355 County Street, Postal Bag 4000, Kingston, Ontario K7L 5A3 or by telephone from the Purchasing and Supply Services Section at (613) 545-4681.

Lowest or any tender not necessarily accepted.

Ministry of Transportation and Communications

Dairy Princess Competition

Karen Harder, Co-ordinator, Carol Brennan, '86 'princess, Maribeth Burkitt, Diane Stiles, Lisa Baker, Karen Shaw.

The annual selection of the Hastings County Dairy Princess took place last Tuesday at the Twilight Meeting of the County Holstein Club.

The event was held at Hunts Haven Farms, near Tweed under masses of dark threatening clouds.

Four young ladies were vying for the title and were called upon to make a short speech to the gathered throng of about 500 people and a few Holsteins chewing their cud and watching the proceedings.

There were two contestants from the local area, Karen Shaw of Eldorado and Lisa Baker from RR 2, Madoc in the competition. Karen lead off the competition with a speech, 'Salute to Milk', followed by Lisa who spoke about 'Family Farming'. Diane Stiles of Stirling came next with 'The Making of Milk' and Maribeth Burkitt

pronouncing the winner, Maribeth Burkitt, and, as in any competition such as this, it was no easy task.

Glen Elliott, Chairman of the Hastings County Milk Committee, said that 'The committee are always happy to sponsor this event', and added that, 'This was the first time that the competition had been held in the open air in conjunction with a Twilight Meeting'.

The judges took about 45 minutes in deliberation before

Job Stabilization

Cont'd from page 4

tion Services of Belleville.

Alice Haveman, a local resident, has been employed by Dr. Fryers as Job Stabilization Counsellor for this area. She has had experience with developmentally handicapped people in the area and says, "The program will help prepare clients who might otherwise be left to their own devices in a new job situation." She went on "The reason most such workers fail in new jobs, is because they have not acquired vocational skills."

After finding a suitable placement, she will work on the job with her client, making sure they get to work on time, become familiar with the route they must take in going to and from work. She will provide emotional and vocational support until such time as the client can function on their own

in this new environment.

This is the first full scale government sponsored program of it's kind in this area and could expand to include the physically handicapped as well.

"The program can be successful," says Haveman, "there are previous clients who are holding their jobs four months after stabilization services were provided."

She has one client already established in a job situation in Madoc and is pleased with the progress being made.

Minutemen Softball Tournament

There's a great week-end of softball starting this Friday the 8th of August.

The Madoc Minutemen are putting on their Men's Softball Tournament with 18 teams scheduled to play a total of 25 games.

Starting at 6.30 pm. on Friday, there will

be two games played at the Ivanhoe diamond and two games played at the Madoc Ball park.

Saturday will see 14 games, split 7 apiece between these two locations with the 7 game finals slated for Madoc on Sunday the 10th.

With teams coming from Toronto, Grafton, Belleville and Madoc, the action promises to be exciting as they compete for the tournament championship and prizes.

Such is the reputation of this tournament that the organizers readily filled the card, and had to

turn down some applicants.

Proceeds from this event will be going to support the Minutemen, so, Play Ball!, turn out and support this tournament and help make it a success for the Minutemen and the organizers.

Strict is Fair

Constable Norm Papi of the Madoc Detachment of the OPP, reported that over the long holiday weekend there were no serious accidents or injuries.

The 'Strict is Fair' program was enforced and resulted in 121 charges being laid against motorists.

mainly for seat belt and speeding.

Monuments

We know all the tricks
But we don't use them

Monuments made by different companies are not all the same. They may look the same...for a little while and then the difference becomes obvious, when it's too late to do anything about it.

Shallow or floating foundations can save you money...in the beginning, but what do you do if the monument tips?

Painted letters and backgrounds can also save you money. They look very attractive...for a little while. Then the paint wears off and they're hard to read. And there are tricks to selling cheap monuments...like salespeople who don't know or don't care about what makes a monument last.

There are many tricks. But you'll never see them here. And that insistence on quality monuments has kept us strong for 55 years.

You buy a monument so it will last. In every respect. If you're really serious about your purchase, have a talk with us...toll free.

OPP report

During the period of July 18 to July 24, 1986 officers of the Madoc Detachment of the Ontario Provincial Police investigated 61

general occurrences and 8 traffic accidents.

GENERAL OCCURRENCES:

On Friday, July 18,

1986 James CRAWFORD of Belleville, Ontario reported the theft of a 22 foot metal flatbed trailer from Huntingdon Township. The trailer had been parked at a farm in Huntingdon Township. As a result of an investigation by PC GARROW, the trailer was recovered and Ronald CRAWFORD of Tweed, Ontario has been charged with Theft Over \$1000.00 and is to appear in court on August 11, 1986.

On Tuesday, July 22, 1986 Douglas Charles STRONG-HILL reported his cottage on Crowe Lake broken into. Entry gained by cutting the screen on the kitchen window. Stolen property valued at \$7,650.00 included Luxor satellite receiver, Kenwood pre-amp tuner and amplifier, Pioneer tape deck, Sony Beta VCR, Sony compact disc lasu and Technics receivers. The investigation continues.

TRAFFIC ACCIDENTS: On Tuesday, 20 July 86 at 3:15 p.m., Herbert DAVIS, 70 of Sauborn, New York State was travelling east on Highway 7 and was slowing

down to turn right onto the Downey Rapids Rd. James SLATER, 20 of Belleville, Ontario was also proceeding east on hwy 7 and pulled onto south shoulder and collided with the DAVIS vehicle as he was making his turn. Damage to the HERBERT DAVIS 1984 Ford was estimated at \$4,000.00. SLATER 1986 Ford Van received \$300.00 damage. SLATER was charged with following too closely.

On Wednesday, July 23, 1986 at approximately 11:55 p.m., Charles J. HANNAH of Madoc Street, Madoc, Ontario was travelling west on the Concession Road and failed to negotiate a curve. HANNAH's vehicle left the roadway and flipped over onto its roof into the north ditch. HANNAH has been charged with Careless Driving. HANNAH's 1977 Chrysler was a total write off.

IN THE COURT: The following cases were heard in Madoc Provincial Court Criminal Division on Monday, July 21, 1986.

John HUTT, 49, formerly of the Tweed area plead guilty to two counts of Fraud was fined a total of \$100.00, plus 3 months probation.

Carl Rose WRIGHT, 46, of Perth, Ontario plead guilty to Failing to Provide a Breath sample was fined \$300.00.

CRIME OF THE WEEK: It appears that Rawdon Township still remains an attractive area for criminal activity.

On 24 July 86

during the day, culprit(s) broke and entered a residence located at L2 C5 Rawdon Twp. Property stolen included a television, shotgun, microwave oven and jewelry valued at \$2200. dollars.

During the same period of time a second break-in

occurred at a residence located at L1 C7 Rawdon Twp. Culprits stole a television, liquor, and brass ornaments valued at \$400.

Investigation continues into both of these matters and police at Madoc OPP Detachment would be interested in

speaking with a person having information that might assist in bringing these matters to successful conclusion.

Anyone having such information contact PC GARROW or PC BONTRE at 473-4343.

ROSS CAMPBELL KIRN

Mr. Ross Campbell Kirm, of RR1 Stirling, Ontario, passed away suddenly on Tuesday, July 22nd, 1986, in his 64th year.

Born in Peterborough, Ontario, on August 6th, 1922, he was the son of the late Mr. and Mrs. (Ethel Regan) Howard Kirm. He was married to Harriet Marie Reid.

He is survived by his sons John Kirm, of Belleville, Martin Kirm, of RR2 Stirling, Russell Kirm, of Edmonton, and his daughters Joanne Kirm, of Brampton, and Mary Lou (Mrs. Edward Groff), of Markham. He was loved by eight grandchildren.

He is also survived by his sisters Eleanor (Mrs. Harold McQuarrie), of Peterborough, Betty (Mrs. William Turner), of Peterborough, Dorothy (Mrs. Raymond Skidmore), of Los Angeles, California, and Marjorie (Mrs. James McNeillie), of Oak Ridge, Tennessee.

He was a retired industrial safety inspector for the Provincial Government. He was also past president and a member of Stirling's Royal Canadian Legion Branch 228. He served in the Navy during the Second World War.

A private service was held on Friday, July 25th, 1986, at the William J. Thompson Funeral Home, Stirling, with Susan Binns officiating.

Cremation followed. A memorial service was held at the funeral home on Thursday evening at 8:00 p.m. by the officers and members of the Legion.

Pall-bearers were William Bentley, Bert Bastedo, Carl Cook, Wiegner DeJong, Bernard Farrell and Robert Luery.

CLARA M. THAIN

Miss Clara M. Thain of R.R. 3, Stirling, Ontario, passed away at St. Joseph's General Hospital, Peterborough on Sunday, July 13th, 1986 at the age of 73. Born in Rawdon Township, she was the daughter of the late Jonathon Thain and the former Margaret C. Linn.

Miss Thain is survived by one

brother, Ernest Thain of R.R. 3, Stirling. She is predeceased by her brother the late Grant Thain.

Miss Thain was a life member of Burnbrae Church W.M.S. and taught Sunday School for many years at Burnbrae Church.

The funeral service was held at the Wier Funeral Home, Campbellford Wednesday, July 16th, 1986 with Morrison Campbell officiating. Inment took place at the Burnbrae Cemetery. Pall-bearers were Don Wal Glenn Hay, Jim Poll Lorne Johnston Raeburn Thain.

Lynda Lott and Debbie Shaw

Queen of the Furrow Competition

The plowing segment of the competition for Hastings Queen of the Furrow was held last Saturday at Drunlin Farms near Stirling, with two young ladies competing.

Debbie, daughter of Cyril and Isabella Shaw of Eldorado pitted her skills against Lynda Lott, daughter of Allan and

Phyllis of RR1 Roslin.

Part two of the competition takes place on Tuesday the 5th. at a banquet to be held in Stirling. At that time, both young ladies will be interviewed by a panel of judges and be required to deliver a short speech during the banquet.

"There were five contestants originally but three had to withdraw for various reasons," said Debbie Stiles, current Queen of the Furrow. "The two competitors that were here to-day are excellent contestants, and the judges are going to have a hard time picking a winner."

"We had a really good year this year," said Mr. Don Whitney, President of Havelock Minor Ball (HMB) at the ballpark last week. Whitney was quick to point out that it was due to the efforts of all concerned that the group enjoyed such a good year.

"It was due to the fact that we had men like Ken McMillan in the organization. He was the force behind our organization this year," said Whitney. He also added that the support provided by coaches and parents this past season was also encouraging.

There were four teams of youngsters on the go this season. An out-of-town team was also started for the first time this year. This team of eight and nine-year-olds was coached by Doug Menzies and Rod Levesque. The boys have already played games in Warsaw and Camp-

It was a great season for Havelock Minor Ball players.

The teams enjoyed hot dogs and pop last week

bellford. This team will continue to play ball until the end of August.

Trophies and crests were presented to the boys

after the last game last Wednesday night at the park by President Don Whitney. Mr. Bruce Whitney is the Vice-President of the organization. Afterwards, the boys

enjoyed hot dogs and pop provided by the HMB executive and coaches.

Already looking forward to next summer, President Whitney remarked

that we hope that we will be able to get the season going a little earlier next year. It is expected that informative advertisements will appear in the Havelock Citizen at that time.

Conservation plowing demonstrated

Demonstrations of conservation plowing equipment will be featured twice a day at the International Plowing Match and Farm Machinery Show at Stirling, September 16-20.

"Ask any 10 farmers for a definition of conservation

tillage, you may get 10 different answers," says Dave Little, Hastings County Agricultural Representative with the Ontario Ministry of Agriculture and Food (OMAF). "In a nutshell, conservation tillage is any plowing system that results in less soil loss than the traditional moldboard plowing, combined with various types of discing, cultivating or harrowing."

Conservation tillage leaves reasonable amounts of crop residue on the soil surface. More top soil residue means more water absorption, less wind and water soil erosion and more organic matter saved.

The time-honored moldboard plow faces a challenge

"Farmers are looking at conservation tillage as much for economic reasons as out of concern for soil erosion," says Little. "Less money is tied up in equipment, there are fewer machinery repairs, less tractor wear and tear, less fuel and labor...in other words, conservation of cropping costs."

One thing is apparent in the gradual

change from moldboard plowing to conservation tillage techniques; there's no one 'best' system. What works in one area may not work in another.

"Very often, tillage alone cannot do a complete job in controlling soil erosion well enough," says Little. "Sometimes conservation tillage has to be coupled with other conservation practices like contouring, stripcropping, crop rotations, grassed waterways, terracing, and so on."

The conservation tillage equipment on display at the Hastings County International Plowing Match and Farm Machinery Show at Stirling has pre-event field testing in Hastings Coun-

A special edition of the 1986 Plowing Match and Farm Machinery Show poster was presented to Jack Riddell, Minister of Agriculture and Food, in the Minister's office by Edgar Wilson, President of the Ontario Plowmen's Association. Looking on is Frank Dunlop, District Manager of The Co-operators, which financed the production of the poster.

The International Plowing Match is sponsored by the Ontario Plowmen's Association in co-operation with the Hastings IPM local committee. The 1986 Match will be held in Stirling, Hastings County, September 16th-20th.

We need you ... Please give.

Norwood, Ontario
is the First Impression of Your Business

Make sure pill fits the bill

By Barry Phillips, B.Sc. Pharm.
Past President, Ontario College of Pharmacists
Community Pharmacist

The same way the architect follows a blueprint to put up a building, you should read the label before taking any medication. Remember, there's always a reason for the precise instructions specified by your doctor.

Sometimes, for example, a drug should be taken only before or after eating or every five hours or once a day. Whatever the case, never disregard the instructions for your medication. If you have any questions, don't hesitate to ask your doctor or pharmacist.

The right dose to give children is often of special concern to parents. All prescriptions for your children carry explicit instructions on proper dosages, but with non-prescription remedies, it's up to you to be extra careful when reading the instructions.

In the case of some drugs, government regulations require the label to carry a warning such as: 'Children - take as directed by physician.' Children's doses may also be specific or given as a proportion of the adult dose, for example: 'For children 10 to 14 years, give one-half the normal adult dose.'

Some medicines, particularly headache tablets, are either not recommended for children or come in a special children's form. Read the label carefully before purchasing or ask your pharmacist for advice.

Always use extreme caution when giving medication to infants and small children. Always consult your doctor beforehand and remember to keep all medicines in a safe place out of the reach of little hands and fingers.

Militia course

Cont'd from page 7A
ended on July 18th, with two days' leave, the first for the staff and men. This was a critical phase, however, for it was during this training that a group of individuals became a

team.

The course is now in Battle Phase, an 11 day session designed to develop and consolidate their earlier training. It will be held in local training areas.

Intersection Scene of Another Accident

last, the Highway was littered with debris from yet another serious accident. The first sight of the accident scene, with one vehicle showing a crushed front and another

crumpled and upside down in a ditch, gave rise to a sinking feeling in the stomach.

But, by the Grace of God, lady luck, the use of seat belts or a combination of all three, injuries were minimal with only one person being sent to Belleville General Hospital for a check-up.

The 1986 Blazer in the ditch, was being driven westbound on Highway 7 by Steven Smart of Buckhorn with his wife Pauline as a passenger, when he was struck by a 1981 Ford Van being driven southbound on Highway 62. The driver of the southbound vehicle, a 16 year old girl from Carrying Place, told police that she did not see the other vehicle. Neither she nor her two passengers

received any injuries. The young lady from Carrying Place has been charged with 'Failing to yield.'

There was no indication that alcohol was involved in this occurrence which took place on a rain soaked road.

OPP Constable J. Ball reported that damage estimates to both vehicles totalled about \$13,000.

Reeve Tom Deline was on the scene and he commented to the Review, "So much for M.O.T. statistics." This was in reference to the fact that Madoc Village Council had, in their June 24th meeting, discussed the possibility of traffic

signals at this location with two officials from the M.O.T. who were present at that meeting.

The response from these officials at that time, was that another study would be undertaken but based on the 1981 study it would be unlikely that the criteria for such an installation would be met.

The 1981 study indicated that only about 50% of the criteria was met at that time, and taking into consideration growth in traffic patterns it was expected that about 60% of the criteria would be met in this new study.

Waste Management

One item stressed repeatedly in the recent Discussion Paper on the Waste Management Study is the need for public input into the study.

In fact, in the 29 page document, public input is referred to, on no less than 18 of those pages.

The scope of the study is enormous, both in geographic area and the problems to be dealt with

in waste disposal. The area covered by the study stretches from the northern boundaries of Marmora and Lake, Madoc and Elzevir and Grims- thorpe Townships down to the shores of Lake Ontario. Some 85,000 people live in this area representing a little more than two thirds of the total population of Hastings County.

The basic objective of the two year study, is to develop a waste disposal plan for the next twenty or more years, and is to take into consideration the management of household, agricultural and commercial wastes generated in the participating municipalities.

The report says that the plan will identify the best

Cont'd on page 4

Program Expansion

House- day, Group anho- new prog- Semiliving three fully accom- res- nit is give in the rience living.

The unit has a kitchen, three piece bathroom, common sitting area and a utility area with laundry facilities. The residents have access to a swimming pool, five horses and 12 acres in which to ride.

The unit is attached to the main house which is used as a group home. There are three young ladies in residence at the semi-independent unit at

the moment and they are learning to cope with requirements of every day independent living. By trial and error (under guidance where necessary) they budget for food and clothes, plan and cook meals, do the weekly shopping, do the household chores and generally learn to look after themselves. This program prepares them for the day when they can take their place

in this big old world of ours.

There are seven more children in the Group Home section of Noah's Ark at Ivanhoe, with all residents having been referred by various agencies such as The Children's Aid Societies. Generally speaking, they are from larger centres such as Kingston, Ottawa or Toronto. The home is licenced for children

This happy smiling group was photographed at Noah's Ark Group Home in Ivanhoe. In the front row from left to right, Paul Scriven, Barbara Scriven, Gail Kirk and Brenda.

Comment

Village over \$8,000 but by expanding it to include all the present members, (who are also faced with waste management problems), the cost to the Village dropped to about \$900. He also pointed out that the village could opt out of the program at any time and that all meetings on the

subject are open to the public. He welcomes input from the public at all times.

Mr. Pigden's letter, expressing his concerns, is the type of input that the Waste Management Study committee needs to reach a decision that reflects the opinions and needs of the community.

Madoc Benevolent Society

Mrs. Bailey says that "The support from the community was much appreciated but the need for the fund no longer exists."

Mrs. Bailey went on: "There is to be a

meeting at the Fire Hall on August the 25th, at 7.30 p.m. to determine what should be done with the funds that were collected. All interested parties are asked to attend."

Success for Madoc Public Library

The Trent's Travelling Troupes will be at the library on that day to present two puppet plays. The Princess and the Pea and Rumpelstiltskin.

This program is sponsored by the Ontario Ministry of Citizenship and Culture and the Ontario Library Service.

Trent Region and will be your only chance to see a puppet play this summer.

Come on out to this program and bring a friend. Children of all

ages will be welcomed and you can make the acquaintance, or refresh your memory of these two old favourites.

Reta reminds the children that this Wednesday, the 13th is the last day of the Summer Fun Program. 1.30 p.m. is the start time of a Beach Party to close out the program. "Come in your wildest beach wear," says Mrs. Spurring, "and join your friends in games and crafts."

Letter to the Editor...

The Councils of Madoc Village, Madoc Twp., Huntingdon Twp., Tweed Village, Elzevir Twp.

Dear Sirs:

Surprise, shock and dismay best sum up my reaction to reading through the local press that the municipal councils of Tweed, Madoc, Huntingdon, Madoc Township and Elzevir have accepted apparently without significant debate the expansion of the Waste Management Masterplan to include Belleville and Trenton. This action or lack of it could have far reaching and terrible consequences to our environment in Center Hastings.

The original concept of a master plan was to provide for disposal of solid waste produced by the small rural municipalities of Center Hastings. When the Ministry of the Environment got involved however the rules changed to include other hazardous material and spills cleanup materials. The local Reeves then present insisted that the Terms of Reference be drawn up should specify that these materials would come from the Center Hastings area only. This was

agreed upon... or was it? The following are excerpts from the terms of reference as published by the Waste Management Committee, immediately following last year's municipal election.

"The wastes to be studied are primarily domestic, commercial and non hazardous solid industrial wastes. The generation of other wastes and their effects on the waste management system shall be reviewed. The other wastes include septage (septic tank pumpouts), sewage sludge and water treatment plant sludges, hauled liquid industrial, biomedical, construction and inert wastes."

"Local spill cleanup contingency plans and their impact on site design and operation."

The above paragraphs would have been insignificant in light of the very few hazardous wastes produced in Center Hastings. Insignificant that is until suddenly some quiet genius decides to invite Belleville and Trenton into the study area. Now a spill on the main trans Canada C.N. rail line or on highway 401, and would likely find its way to the local spills containment area

designed right into the heart of Hastings County. It would join the other hazardous wastes produced in Belleville or Trenton and deposited in our back yard.

Now the bureaucrats from Queens Park will tell you that there will be plenty of opportunity for public input. They have just taken care of that little problem as well. Considering the enormous population in the south of the study area, the objections of the small rural population in Center Hastings will be scarce heard amid the silence of the majority. Don't believe me, well just ask the population in the Region of Halton.

Not all that long ago a proposed nuclear waste disposal facility met with considerable opposition in Center Hastings. We can assume considering the equally hazardous nature of chemical and biological waste that the people of this area are no more receptive to becoming the repository of that dangerous material. My guess is that the bureaucrats responsible for local disposal areas are becoming more adept at selling the locals on the idea. Among the carrots they dangle are the lowered cost of a study, and maybe the

possibility of an energy from waste plant. Neither of these arguments will benefit our area. Study costs which are low enough divided amongst the five Center Hastings municipalities actually increase when the area increases and the nature of the waste changes. Again I point to the example of Halton who have already spent over three million dollars on an as yet incomplete study. Energy from waste plants which are not yet feasible in areas this size are built in cities close to the user of the energy and also will not benefit Center Hastings.

It is a shame that most members of the waste management committee present at the time did not attend the seminar on this topic at the A.M.O. conference prior to the last election. It was an education indeed. Due to the events following the election and the apparent apathy toward this crucial subject I feel obliged at this time to warn you of this potential hazard and its far reaching consequences to our beautiful area. The time to act is now, if it is not already to late.

Sincerely
Terry Pigden

Ottawa Mayor Approves Trudeau Award

Among the letters received regarding the 20th annual Peace Park Memorial Service and presentation of the Man of the Year Peace Award to Pierre Elliott Trudeau; by his representative, Deputy Reeve

Raymond Lesage was one from Canada's National capital, Mayor James A. Durrell.

He writes "During his term of office the Rt. Hon. Pierre Elliott Trudeau was a great crusader for peace. No matter

what anyone thought of his political views, he was a man respected in the international arena in his battle for freedom. With that in mind, I am delighted to be able to express greeting from the City of Ottawa and

state emphatically that we unanimously concur with your choice for the winner of the Man of the Year Peace Award."

Priscilla Cadwell
Lester B. Pearson
Peace Park.

Queen at Fifteen

Lynda Lott of Roslin was crowned Queen of the Furrow for Hastings County for 1986-87.

To merit this title, Lynda had to demonstrate her skill at plowing, undergo a interview with a panel of judges and deliver a short

speech to the assembled guests at the County Plowman's annual banquet.

This year, the Queen faces an exciting beginning to her reign as her first big event comes next month. The Inter-

national Plowing Match begins in a few short weeks and Lynda will have an opportunity to demonstrate her abilities as an official representative of the County of Hastings.

Well done Lynda, and Good Luck.

Lynda Lott

Corn Roast and Auction Sale

If you love fresh corn, here's your chance to "pig out". er, excuse me, eat your fill.

The Huntingdon Township Recreation Committee is putting on a fund-raiser corn roast and auction sale at Ivanhoe on Saturday the 16th of

August starting at 6.30 p.m.

What a great combination - fresh corn and an auction sale!

Here's the deal. Bring an item to be donated to the Committee for auction and you get a

special price on admission. If you don't have an item for donation the straight admission fee is only \$5.00.

Either way it's a bargain. All the corn you can eat with coffee and dessert thrown in, together with the fun of an

auction.

With the cost of fresh corn in the supermarket, this has to be the deal of the month.

So, get out your bibs and tooth-picks, tuck some cash in your pocket for the auction and Come On Down!

Pyramid Schemes

Pyramid schemes attract people who want to get rich quick but the Ontario Provincial Police

Special Investigation Branch warns it is much more likely players will lose their money and could find

themselves arrested, fined and even jailed. Currently, a pyramid ring called the Pilot Investment Club, or the airplane pyramid, is operating in Ontario. Regardless of the name, all pyramid schemes are illegal.

Simple mathematics show most participants will be bilked of their money. Here's how it works: A pyramid consists of 15 people. The person at the top is called the 'pilot'. The next level consists of two people called 'co-pilots' and the next level is made up of four people referred to as the 'crew'. The last layer involves eight people called 'passengers'.

To work, the eight passengers each give the pilot an amount, called an 'investment', that can be as much as \$5,000 each. The usual amount of the schemes now operating is \$2,200. Once he has his money, the pilot leaves and the pyramid splits into two pyramids each piloted by the original two co-pilots. Everyone else moves up one row and another eight passengers are recruited for each of the pyramids.

Theoretically, should no one drop out and all 16 new players pay their 'investment' money, the original co-pilots

would receive their money and would leave the scheme. The two pyramids would be split into four pyramids.

If each pyramid was to fill and be split each day, the number of new members would double daily until the end of just two weeks when there would be 262,143 people playing. At the end of the third week, 33,544,431 persons would be needed and a mere three days later 268,435,455 would be involved.

So who wins at the pyramid game? According to the Ontario Provincial Police the answer is -

almost no one. And, who loses? Simple mathematics show that aside from the hustlers who set up the pyramids, and whose names are at the top, everyone else will lose.

Contrary to what participants are told at meetings, police undercover officers are attending organizational meetings of the Pilot Investment Club and other pyramid schemes currently operating in Ontario, and arrests are being made. The Criminal Code provides for a penalty of a maximum of two years imprisonment and fines are unlimited.

Acid Rain

Reports filed by Ontario's four main sources of sulphur dioxide emissions indicate that each is on target in reducing sulphur dioxide emissions in Ontario.

Environment Minister Jim Bradley announced recently. Single reports from Inco, Falconbridge and Algoma Steel (Wawa), and two reports from Ontario Hydro, were filed with the ministry on time and in accordance with Ontario's Countdown Acid Rain program.

The reports, now being analyzed by the Countdown Acid Rain technical support committee, indicate each of the companies expects to meet Countdown's 1994 deadline. Mr. Bradley said, 'We are living up to

our commitment and we are still looking to our American neighbors to do the same.'

Waste Management Study

Cont'd from page 1
system for handling, processing, utilizing, disposing and controlling the generation of waste in terms of the economic, financial, social, cultural, technical, land use planning and natural environmental perspectives of the municipalities.

The study will assess, the use and management of existing landfill sites, their suitability for future or extended use, other possible sites or a single master site for the study area.

It will explore several methods of disposal including what seems to be the least desirable method, the landfill site. Some of the more sophisticated methods, such as using waste to produce energy, would not be economically feasible in small community operations but could present an attractive alternative if all the waste from the total area was funneled

into a single energy producing unit.

There does not appear to be any indication that such a facility is considered at this point. The report however, does say that the opportunity may exist to establish a system of waste management facilities for Centre and South Hastings County, under a single authority.

The Master Plan study will also consider wastes not normally managed by municipalities such as controlled wastes or hazardous materials from an emergency spill.

The study will be underway for about the next eighteen months and public meetings are planned together with pamphlets and press releases to keep the general public informed. Public input into this study is urged, so be sure that your comments, or those of your particular interest group are heard now, not when the plan is finalized.

Preserving Peaches

In the pioneer era, preserving peaches meant drying, or making them into peach brandy. A few homemakers might have followed a

recipe similar to the one published in Ontario's first cookbook, *The Cook Not Mad*, originating right here in Kingston in 1831. That issue

Hunters' Field Day

The Leslie M. Frost Natural Resources Centre (MNR) and the Ontario Federation of Anglers and Hunters will hold a one day big game hunters' field at the Frost Centre south of Dorset on Sunday, September 14, 1986. The main attraction for big game hunters is the running moose target to assess and practice their marksmanship. In addition, there will be continuous showings of the film, 'Of Moose and Men', a new MNR film which teaches moose sex and age identification. The

Hunter Safety Training Trail at the Frost Centre will be open for guided walks and an excellent hunter safety film, 'Firearms Safety and the Hunter', will also be shown.

The day's events will begin at 9:00 A.M. and close at 5:00 P.M. Participants are asked to bring their own firearms and ammunition. Meals are available in the local area.

The Leslie M. Frost Natural Resources Centre is located 14 km south of Dorset on Hwy. 35.

gave directions to pack peaches "in long wide-mouthed bottles; to half a dozen peaches take a quarter pound of sugar, clarify it, and pour it over your peaches, and fill the bottles with brandy, stop them close and keep them in a close place."

Today, one of the best methods for preserving peaches is freezing. The peaches can be frozen at their peak of ripeness and made into jams, preserves or special desserts when it is convenient.

For freezing, select firm ripe peaches in prime condition as only good quality fruit will produce a satisfactory frozen product. Also, choose freestone peaches, such as the Redhaven and Loring varieties available in August. The earlier semi-freestone varieties are not recommended because the flesh does not separate easily from the pit.

Work quickly with small amounts. Remove skins by dipping in boiling water 1/2 to 1 minute, then in cold water. Peel, halve, and slice directly into a 4-cup (1 l) measuring cup. When full, transfer into a large bowl.

Add 1/4 tsp (1 ml) ascorbic acid (prevents peaches from turning brown) and 2/3 (150ml) of sugar to peaches. Stir until sugar begins to dissolve. Spoon in freezer bags. Squeeze out air bubbles, seal, label ingredient amounts and date. Freeze immediately.

Freezing peaches without sugar is not recommended because sugar is necessary to preserve color and texture. For diabetic or sugar-reduced diets, can peaches using a waterpack rather than freezing without sugar.

Use frozen peaches within one year of freezing. Thaw slowly in the unopened container in the refrigerator (six to eight hours) or on the counter (one to two hours). Serve as a fresh dessert, with a few ice crystals remaining in the slices. Or if using in a favorite recipe, remember to subtract the amount of sugar that was added during freezing from the recipe.

Lung Transplant Research

Lung Transplantation is one of the newest and most exciting medical advances in recent times. Canadian research is recognized world-wide. Dr. Richard Knill, chairman of the Association's Research Committee. Pioneering work has been conducted in recent years. The Lung Association is now supporting this effort.

Under the directorship of Dr. J.D. Cooper, the Thoracic Surgical Group at Toronto General Hospital has been conducting research into various aspects of lung transplantation. Other members of the renowned research group include Dr. G.A. Patterson, Dr. F.G. Pearson and Dr. T.R. Todd. At the present time, the group is involved in three major research projects.

One of the projects involves an investigation of techniques for preserving lungs. Although most organs used for transplantation can be preserved for a number of hours after removal from a donor, there is currently no way to preserve lungs because of their sensitivity. As a result, the donor and the recipient must be in the same physical location so the lungs can be transplanted

immediately. The research group is working on procedures to preserve lungs to facilitate the transport to the locations where recipients are hospitalized.

Research is also being conducted into double lung transplantation. Dr. Patterson stated during a recent interview. This area is of special interest to the Lung Association because the patients who stand to benefit most from double lung transplantation are those suffering from emphysema and cystic fibrosis - two debilitating lung diseases. Although there has been some previously expressed concern that the windpipe will not heal very well following this procedure, preliminary research findings do not appear to support this concern. Current studies confirm that the blood supply in the local tissues adequately promotes healing. "More research must be conducted and double lung transplantation in humans is at least a few years off," he says.

The research team has also developed a model of chronic right ventricular heart failure. When the right side of the heart fails, it is often due to medical problems with the lungs. At the present time a

heart-lung transplant is the procedure performed when transplantation is the chosen means of treatment for patients with right ventricular failure. Dr. Joel Cooper hopes to use this recently developed model to determine whether single lung transplantation would be feasible when right heart failure exists. Perhaps transfer of one lung would relieve the stress on the right side of the heart. "If this proves true," states Dr. Patterson, "it would make heart-lung transplantation unnecessary for patients with this disorder".

Scientists such as the team working on lung transplantation, rely on funding from The Lung Association and other sources to advance not only this research but other important studies in lung disease.

In addition to funding medical research, The Lung Association is active in the community with several programs. People with chronic lung conditions learn how to cope with their lung disability.

Contact the Lung Association, Hastings-Prince Edward Region, at 613-982-2186, for information on programs conducted in your community.

CONSERVATION
AUTHORITY

REFORESTATION PROGRAM

There is still time to apply for the M.R.C.A. Tree Planting for the Spring of 1987.

If you own a minimum of 5 acres of land in the Moira River Watershed, then you may qualify for the Reforestation Program.

The Authority will order, deliver and plant trees on private land (about 800 trees per acre) up to 10 acres per year.

Cost - 75 cents per tree

Applications available from:
The Moira River Conservation Authority
P.O. Box 698, Belleville, Ontario.
K8N 5B3

For more information please contact Keith Taylor:
(613) 968-3434

Applications must be received by Sept. 15, 1986.

ENERGY FROM WASTE

CENTRE & SOUTH HASTINGS COUNTY

SOLID WASTE MANAGEMENT MASTER PLAN

The Municipalities of Centre & South Hastings County are undertaking an environmental assessment of solid waste management leading to the development of a solid waste management system for a 25 year period. An important part of the Assessment is the investigation of alternatives to the disposal of solid waste by landfill.

As part of the assessment, the Waste Management Committee is developing policies with respect to encouraging private proponents to establish and operate alternative waste management facilities. The Committee is inviting submissions from private interests that might participate in the long term solid waste management system. Expressions of interest are therefore invited. Submissions will be treated confidentially and should be forwarded to:

Huntingdon Township

The regular meeting of Council of the Township of Huntingdon was held at the Township Hall in Ivanhoe on Monday July 14, 1986 at 7:30 p.m. Present were Reeve Franks, Deputy-Reeve Ketcheson, Councillors Pollock, Allen and Yarrow and Clerk-Treasurer Jones.

By-Law 2155-86, being a By-Law imposing special annual drainage rates upon land in respect of which money is borrowed under the Tile Drainage Act, received three readings and was passed.

By-Law 2156-86, being a By-Law to appoint a Road Superintendent for the Township of Huntingdon, received three readings and was passed.

By-Law 2157-86, being a By-Law to appoint a Tile Drainage Inspector for the Township of Huntingdon, received three readings and was passed.

By-Law 2158-86, being a By-Law to require and regulate the clearing of grounds, yards and vacant lots, received three readings and was passed.

Jeanne Vilneff, Watershed Planning and Community Relations Coordinator with the Moira River Conservation Authority attended the Council meeting to discuss their Fill and Construction Regulation.

David Ward, representing Grace Bible Chapel, attended the meeting to discuss a proposed project which would provide low rental housing for seniors. The church presently owns five acres of land on Albert Street in Stirling which would be sold to the Ontario Housing Corporation. A 40-60 unit building is proposed which would also be owned by the Ontario Housing Corp. Mr. Ward explained that his purpose in addressing Council was to

obtain a letter of support for the project as well as names of people who may be interested in living there.

Moved by Ted Pollock, Seconded by Owen Ketcheson, "THAT Road Account Voucher R7-86 be approved for payment in the amount of \$42,486.63." Carried.

A recorded vote was requested on the above resolution. Reeve Franks - yes; Deputy-Reeve Ketcheson - yes; Councillor Allen - yes; Councillor Pollock - yes; Councillor Yarrow - no.

Two tenders were received for the supply of a 6 ton truck equipped with a two-way sand spreader, plow and wing harness and wing.

Belleville Truck Centre (with trade-in) \$75,099.62; (without trade-in) \$82,589.62; Holiday Ford (with trade-in) \$75,837.32; (without trade-in) \$86,537.32.

Moved by Ted Pollock, Seconded by Ken Yarrow,

"THAT Council accept the tender from Belleville Truck Centre to supply one 1987 6 ton truck and equipment for a total tender price of \$75,099.62 and verification that their tender will be reduced \$1,589.00 if a Frink 714 open tower is supplied and further, THAT copies of the two tenders received be forwarded to M.T.C. for their approval." Carried.

Mr. John Morgan, owner of Part of Lot 19, Concession 1, has requested that signs be erected on Concession 2 (Gray Road) indicating 'Not a Through Road'.

Mr. Morgan also advises that there are five homes along the Gray Road and that garbage has to be taken out to the highway for pick-up.

The road superintendent was authorized to purchase a sign indicating 'Not a Through Road' and install on the Gray Road, Concession 2.

Carried.

Correspondence to be forwarded to Mr. Morgan advising that the garbage contract for 1986 encompasses a specific route which was established at the beginning of the year and further, and that the Gray Road will be considered in next year's garbage tender route.

John Beswick, owner of Part of Lot 19, Concession 5 has requested a 'Hidden Driveway' sign.

Correspondence will be forwarded to Mr. Beswick advising that Council will look at the area in their fall road tour.

The Road Superintendent advised Council of two areas in the Township where he felt the roads should be posted with stop signs:

1. Eastbound on the 4th Concession at Lot 12.

2. Northbound on the Road Allowance between Lots 12 & 13 at the 6th Concession (Fuller).

Moved by Owen Ketcheson, Seconded by Bill Allen,

"THAT the Clerk be authorized to draft a by-law to provide for the erection of stop signs at designated intersections." Carried.

A discussion took place regarding the CP line which crosses Hwy. 62. The crossing has recently been paved over by M.T.C. and is very rough.

Correspondence will be forwarded to the Ministry of Transportation advising of the unacceptably rough condition of the CP crossing on Hwy. 62 south of Crookston.

Moved by Owen Ketcheson, Seconded by Ken Yarrow,

"THAT correspondence be forwarded to the Ministry of Transportation advising of Council's concern with the number of accidents which have occurred at the intersection of County Road Number 8 and Highway 62." Carried.

CJBQ Celebrates 40 Years

The huge international size ice surface at the Quinte Sports Centre, Belleville, becomes a giant ballroom on Saturday, August 16.

The occasion is a celebration of forty years of service to the Quinte Region by CJBQ Radio 800.

The famous

Commodores Orchestra will play for dancing, and refreshments will be available.

Tickets are free and may be obtained at CJBQ's Offices at 10 South Front Street, Belleville.

It was on the 12 August, 1946, that CJBQ went on the air

for the first time, operating at 1230 on the dial with a power of only 250 watts. Today, CJBQ is listened to all over East Central Ontario from 800 on the dial with a power of 10,000 watts. In the early days, CJBQ was on the air from 7.00 a.m. to 11.00 p.m. today

the station operates twenty four hours a day seven days a week.

CJBQ's broadcast studios are located on the Bay of Quinte in Belleville and are equipped with the most modern facilities - it is truly a radio station of the Eighties.

Fine Arts Festival at Corby's

The Kiwanis Club of Tweed is sponsoring the Fifth Annual Fine Arts Festival and Sale to be hosted by Corby Distilleries. The Festival will be held at the Reception Centre on the historic grounds of Corby's in a beautiful garden setting on the banks of the Moira River on September 6 and 7, 1986 from 10:00

am to 5:00 pm daily. Fifty artists from Eastern and Central Ontario have confirmed they will be displaying and selling their work which includes Oil and Watercolour Painting, Sculpture, Carvings, Porcelains, Batik, and Silk Screen Art. Admission to the show and sale is

Free. The proceed from the Fine Art Festival will be used to assist the Kiwanis Club with community service projects.

Corby Distilleries at Corbyville, Ontario is located just off Highway 37 a short distance North of Highway 401 at Belleville, Ontario.

Borough News

in McKeown, officiated. The reception is held in Legion Hall. During the weekend Mr. & Mrs. Clarke & Mrs. Wrence visited Mrs. Olive Geneux & family in Kenton. Mr. & Mrs. Charles Scaletta, Mrs. Bessie McKinnon and Betty. They spent Sunday night with Mr. & Mrs. Lucas & family

in Belleville.

Those from here who attended The Hunters & Trappers Rendezvous in Lanark during the weekend were Mr. & Mrs. John Walker, Allan Walker and friend Charlene Budinsky of Toronto; Mr. & Mrs. Ken Cassidy, Brian and Kevin Ramsay and Harold McQuigge. Allen Walker and Brian Ramsay won a prize in the sawing contest.

Mr. & Mrs. Ross Blakely, Greg, Debbie and friend from Long Sault spent the weekend with Mr. & Mrs. Fred Bosley. All of them attended the Ash-Preston wedding on Saturday evening in the Pentecostal church.

Misses Jinny Slofield of Ottawa, Sue Ecclestone, Willowdale and Lee M. Clellan & Jean Coupe of Toronto visited Mrs. Goldie Holmes on Tuesday.

Visitors of Mr. & Mrs. Alex Clarke during the past week were Mrs. Shirley Cooper and Mark Stevens of Deloro, Mr. & Mrs. Ken Walker & family of Tweed, Mrs. Helena Whiteman & Joe of Cooper and Mrs. Linda Downey and girls of Madoc.

Parade

Parades and bands are an integral part of the Hastings County International Plowing Match. The first parade on Opening Day, Tuesday, September 16, will take place prior to the official opening ceremonies at 1:15. Six bands will participate, including the Stirling Citizens Band; the Trenton Citizens Band; the C.F.B. Trenton Military Band; and the O.P.P. Band from Toronto. Other bands expected to participate are the Fife and Drum Band from Havelock and the Legion Pipe Band from Bancroft as well as two High School Bands.

Two teams of oxen will take part; there'll be antique fire trucks - one from Frankford will be pulled by men!

Lots of floats, too, from various organizations in the County; and from a huge variety of exhibitors.

These parades will take place within the Tented City at the Plowing Match Site, and will provide spectators with all kinds of picture taking opportunities - so be sure and bring your camera.

Obituary

Maureen Ann Dupuis

Maureen Ann Dupuis of R.R. No. 1, Madoc, Ontario passed away at Belleville General Hospital on August 1, 1986 at the age of 33.

Born in Madoc, she was the daughter of Mr. & Mrs. Wilford Smith.

Besides her parents, she is survived by her husband George R. Dupuis and has resided at R.R. No. 1, Madoc for the last 5 years.

She is also survived by a sister Mrs. Tom Vance (Connie) Port Colborne, and a brother Wayne Smith of R.R. No. 1, Madoc. She had been educated in Madoc and was employed at Hastings Manor, Belleville.

Mrs. Dupuis was a member of the Pentecostal Church and Madoc Legion.

The funeral was held on Monday, Aug. 4, 1986 at 1 p.m. from the McConnell Funeral Home, Madoc with Rev. Finly Dafee and Rev. Richard McMurray officiating.

The Pall Bearers were Tom Bruce (good friend), Eric Ross (good friend), and uncles Grant Smith, Keith Smith, Finley Smith and Ron Smith.

Interment was in the O'Hara Cemetery.

NOTICE TO CREDITORS IN THE ESTATE OF ENOCH HIRAM WRIGHT

All persons having claims against the estate of Enoch Hiram Wright late of the Township of Madoc, in the County of Hastings who died on May 3, 1984 are required to file proof of same with the undersigned on or before August 27, 1986 after which date the estate will be distributed with regard only to the claims of which the undersigned shall then have notice and the undersigned will not be liable to any person of whose claim he shall not then have notice.

Dated at Marmora, Ontario this 31st day of July, 1986.

Andre L. Philpot, Administrator
Barrister & Solicitor
Box 430, Marmora, Ontario

FULL ATTENDANCE FOR THE
9th ANNUAL QUINTE MALL ANTIQUE SHOW AND SALE
AUGUST 14-15-16
Located at the Quinte Mall Belleville, Ontario
Jct. Highways 14 and 401
It would be a crime to miss it!
FREE ADMISSION

Expo '86 up date

86 DAYS TO GO: July 20, marked 86 days to go for Vancouver's EXPO 86, which closes Monday, October 13. Canada's Thanksgiving Holiday. As of July 20, total visits reached 9,363,272.

LA SCALA - DID YOU KNOW? The Royal Bank EXPO 86 World Festival visit of La Scala marks a number of firsts for the famed opera company. Its production of 'I Lombardi', August 24 to September 4, is the first time La Scala has used

of the English version of the Italian lyrics above the stage. The visit is also the company's first to North America in two decades and the only stop on its tour. Tickets are available from VTC/CBO outlets.

UP, UP AND AWAY IN AUGUST: Flight Into History, August 4 and 7, features 40 aircraft in a fly past the Expo site. **AIR FARE 86,** an international aerospace exhibition, runs from August 4-10. The 25th Abbotsford International

Airshow flies high August 8-10; Odyssey 86, a round-the-world DC-3 flight, completes its journey at the Abbotsford International Airshow. Sponsored by the Canadian Paraplegic Society, Carl Hiebert navigates his ultralight across Canada, arriving in Vancouver August 25. A hot-air balloon

tether takes place August 30 and 31, sponsored by the Balloon Club of British Columbia.

TRIP THE BALLET FANTASTIC: An additional performance of the Ballet Gala, featuring Canada's three major ballet companies, is scheduled for Saturday, August 16, at 2 p.m. Tickets are available from VTC/CBO outlets.

...RIDES UNLIMITED: Just \$15 (Can.) now buys an unlimited day of rides at EXPO 86. Choose from the Scream Machine roller coaster, the Looping Starship, Cariboo Log Chute, 1907 Philadelphia Toboggan Co. Carrousel, the Observatron, Space Drop and Child's Play area.

Post Office is hot potato

By Tony Carlson
Like the weather, everyone talks about the post office.

But unlike the weather, some people try to do something about postal service which gets worse as the price goes up.

Now is a particularly good time to add a voice to those who find postal performance intolerable, for the proverbial hot potato is back in the government's lap.

As summer sweetens on, Don Lander, Canada Post's new president, is remaining cool, secure in the knowledge that he's succeeded in deflecting the heat over postal service to his political masters.

With one simple tactic, the bosses at Canada Post have saved themselves a lot of sweat by presenting the federal cabinet with a wide variety of options for the future of the money-losing operation.

Here was Canada Post, faced with an ultimatum in the

February federal budget that it must break even in two years. This was an even tighter deadline than one suggested by a private sector task force just last fall.

What to do? Well, said the Canada Post brain trust, why not let the people who make these ultimatums decide?

And that is what they've done. Instead of preparing one corporate plan aimed at achieving the government-set goals, Canada Post has offered cabinet a potpourri of alternatives.

While the substance of these options is not public

knowledge, one can guess with reasonable certainty which well-trod paths are on the tentative roadmap.

One of the most likely scenarios, one you can bet the house on, is to raise the price of stamps, again.

There is talk that, well, after all, another two cents or so on the stamp won't be so bad.

But let's just think about that. First, the last two-cent increase was only on first-class mail. Other services, in particular parcel post, went up much more, in some cases more than 200 per cent. **Cont'd to page 3A**

Post Office

Cont'd from page 2A

Second, there's a principle involved here. The post office itself admits service isn't up to scratch. Lander, in his annual report, says too much mail is delayed. He's identified the causes, but it will take two years or so to correct them.

Fair enough. But why should Canadians have to pay more almost every year while this behemoth gets its act together? There's a principle here that

says we shouldn't have to pay more for less.

That's only one of the complex postal issues our political leaders are struggling with this summer. And it's probably a good thing the ball is in their court on this one since - in the final analysis - they are the ones with the clout to change the post office and the accountability if it isn't done properly.

One more good thing about this whole process. By

turning it over to the politicians, the postal leaders have given every Canadian a real chance to get in their two cents worth while our MP's tour the home base during the House hiatus.

You needn't even risk mailing your comments to your local MP when chances are good you can buttonhole him or her somewhere on Main Street.

The Boat has been Launched Grand Opening

Aug. 11/86.

Consumer report

Cooling off period is law

Consumers who buy from door-to-door sellers in the heat of the moment, should know they may have recourse to a two day cooling off period.

Although certain conditions must be met, many contracts signed in your own home can be cancelled under provisions of the Consumer Protection Act. This cancellation law is not new, but government officials are concerned that many people are unaware of how it works.

The cooling off period is one of the most important pieces of consumer legislation we have in Ontario," says Roberta Allan of the Ontario Ministry of Consumer and Commercial Relations (MCCR).

Unfortunately, it's also commonly misunderstood.

We deal with people all the time who lost their chance to get out of a costly contract, because they either didn't know about the cooling off period, they waited too long to ask for cancellation or they didn't follow the right procedure. All Ontario residents should be familiar with how this grace

period operates.

Consumers can take advantage of the cooling off period if all the following conditions are met:

- the transaction takes place away from the company's permanent place of business - for example, in your home;
- the total cost of the transaction is at least \$50;
- the sales contract involves delayed payments or future delivery of goods or services. This is called an executory contract and is commonly used in door-to-door sales, particularly for home renovations or similar services.

The stipulation about future payments or deliveries can cause confusion," Allan says. "It boils down to this - if you pay in full with a cheque, credit card or cash and receive the merchandise or service on the spot, you cannot cancel the deal or get a refund under the cooling off legislation. Notice I lumped credit cards in with cash and cheques. Too many people think credit card transactions qualify as future payment and allow them to cancel, but

they don't."

Transactions that meet all the requirements can be cancelled by sending a registered letter to the seller within two clear working days of the date the contract was signed. Always keep a copy of the letter and proof of registration or receipt.

Only Sundays and statutory holidays are not classified as working days.

Although the letter requesting cancellation may also be hand delivered, be sure it reaches the firm within the two day maximum and get written acknowledgment of the date it is received by the company.

A phone call requesting cancellation of the contract has no legal force.

Upon receipt of your letter, the company must refund any money you have paid, including deposits. You will be required to return goods already received.

Should a company refuse to cancel a transaction that qualifies under the act, contact a local Consumer Advisory Bureau of MCCR.

"Consumers may regret buying from a door-to-door seller for a number of reasons," Allan says. "Some people buy merchandise just to get the sales person out of their living room. Whatever the reason for backing out of a deal, the cooling off period legislation is there to help, but it shouldn't be abused. Remember, the best way to avoid problems is to investigate carefully before buying anything."

Always comparison shop for the best deal, she advises. If you are truly interested in the merchandise being sold door-to-door, ask the seller to come back once you've had a chance to shop around. Don't buy on impulse or give in to high pressure sales tactics. Be

sure you understand what you are getting and check contracts for hidden costs.

All itinerant sellers operating in Ontario must be registered with the ministry. Always ask door-to-door sales people for their companies' registration numbers

and, if in doubt, call the nearest Consumer Advisory Bureau for confirmation Allan says.

Advisory bureau staff can also offer assistance to consumers who feel they have been unfairly or dishonestly treated by a company.

Mercey Brothers

Cont'd from page 3A

In response to the demand in the area for country music, Quinte Summer Music is proud to present these fine Canadian performers Saturday, August 23 at 9 p.m. to 1 a.m., for a dance and show (Doors open at p.m.) Tickets are \$10 in advance and \$12 the door

Their last five singles have all been Top Ten Hits on the national country charts... "Leader of the Band", "Love at Last Sight", "You Lifted Me High Enough", "Love is the Reason" and "Take a Little Chance on Love"

MEMORIAMS

WOOD - In loving memory of a dear husband, father, grandfather and great grandfather, Elmer, who passed away Aug. 11th, 1981. Time goes on with many changes. Joy and sorrow, smiles and tears; But your memory we will cherish. With the passing of the years. Ever remembered by Alice and families.

WOOD - In memory of a dear father and grandfather, Elmer, who passed away August 11, 1981.

Always so good, unselfish and kind. Few on this earth his equal we find; Honorable and upright in all his ways. Loyal and true to the end of his days.

Sadly missed and always remembered by: son Douglas, Sandra, grandchildren, Sharon, Bonnie and Larry, Doug, Sharon and Darryl.

KENNEDY - In loving memory of my dear husband, Murney, who passed away August 17, 1983.

He loved us all so dearly. As he tolled his life away. To provide and make us happy. He gave himself and his best each day.

Though uncrowned with fame and glory, As this world considers fame; In the book of our immortals, On page one you'll find his name.

To me he was extra special. A husband, a father, a son. And forever I'll keep his memory. Engraved upon my heart.

Lovingly remembered and sadly missed by his wife, Lula.

KENNEDY, Murney - In loving memory of a dear father and grandfather who passed away August 17, 1983.

Dad is such a wonderful word. A word that brings to mind. A big warm smile, a helping hand.

A way of being kind. Devotion to the family. A word of patience too. "Dad" is such a special word.

Because it stands for "you", What we'd give if we could say, "Hello Dad", in the same old way.

To hear your voice, see your smile. To sit with you and chat awhile. So you who have a father, Cherish him with care.

For you'll never know the heartache, Till you see the vacant chair. Lovingly remembered by Albert, Lucille, Jeanette and Lori.

MEMORIAMS

NOBES, Arthur Orval - In loving memory of a dear dad and papa, who passed away Aug. 17, 1983. God took away a special man.

Why? We'll never know. One we loved so very much. One who had to go. At least he left us memories. But our smiles will never hide.

The pain we know he suffered. And the heartache felt inside. But the good times outweigh the heartaches.

As we remember those fishing days, The special times we had with you. And your loving and caring ways.

Memories of a loved one. Still fresh in our hearts today. Of a father and a papa.

Which will never go away. Lovingly remembered Doug, Betty, Lisa and Craig.

SPENCER - In loving memory of a dear wife, Marie Evaline, who passed away August 13, 1985.

We think of you in silence. And often speak your name. All we have are memories. And your picture in a frame.

Our hearts still ache in sadness. Our silent tears still flow. For what it meant to lose you.

No one will ever know. If we could have one lifetime wish. One dream that could come true.

We'd pray to God with all our hearts. For yesterday and you. Sadly missed by Gene, Steve, Cynthia and Sandra.

WORK WANTED

MOTHER of two will babysit in my home. Mon. thru Fri. full or part-time in Madoc. Phone 613-473-4431.

RENOVATION work, masonry, additions, block and brick work & cement. Experienced. Reasonable rates. Phone 613-473-2639. Jim McKenzie.

Woods, Water & Wildlife

BY MIKE SINGLETON
For the Federation of Ontario Naturalists

It sounds quite implausible, yet it's true. Over the next few weeks, mother and father fish will be making their appearance, herding and training great schools of young "dwarf uglies" they're sometimes called.

The Brown Bull head is by far the most common of Ontario's six catfish.

It abounds in lakes and sluggish rivers whether with or without much vegetation. Commonly attaining the length of your forearm, the bullhead is immediately distinguished by its dark brown color and 10 dangling barbels.

One is located by each nostril, and four dangle from each corner of the mouth.

Its adaptations make the bullhead glaringly different from other fish. They thrive on soft bottoms and in muddy, flowing water, where silt makes food and obstacles all but indistinguishable.

Instead of using its (almost predictably minuscule) eyes, the bullhead relies instead on its barbels. These worm-like tentacles feel obstacles - like a cat's whiskers.

They're also equipped with numerous cells effective at sensing wriggling movement of prey. The dark, olive-brown blends perfectly with mud.

The broad, flattened shape of the head pins the fish to the bottom during flood periods, so that it is not washed downstream. And the main fins are equipped with heavy spikes which, like mammoth needles, will puncture any predator which tries to eat it.

Back in June, the male and female sought out a setting that had to meet precise conditions. It had to be near shore (20-30 cm)/(hand) deep, with firm bottom, close to a patch of "shading" aquatic weeds. Most frequently, they're under the edge of a log or stump, or at the mouth of an old muskrat burrow.

There, both parents used their fin spines to excavate a small depression - about the size of a dinner plate. There, they deposited gelatinous masses - each about the diameter of a baseball. In all, 6-15,000 amber-colored eggs were laid, then staunchly defended by both parents.

About 10 days later they began to hatch.

Since then, one parent has tended the nest, while the other has herded the growing number of young on foraging expeditions. The jet-black fry are almost perfect miniatures of the adults.

If you watch for them at this time of year - particularly near shore in the early morning - before waves come up - you'll often see a parent herding 20-50 young. It's a fascinating sight; one that most people find unbelievable.

Under the parent's care, the bullheads consume vast numbers of aquatic insects which are now available. They have to. For, by fall,

the supply of invertebrates will reduce sharply, and the size of available morsels will increase to fighting dimensions.

Through the winter, they'll feed on crayfish, clams, aquatic worms, dead fish and even plant material.

Despite their hideous appearance and reputation as scavengers, bullheads are actually nourishing and tasty to anything which can get past their spines. In the wild, that includes osprey and eagles, and a few rather agile mammals. It also includes people; provided the fish come from clean waters, free of toxics, they are tasty fish indeed.

Madoc Fair Queen

Semi-finalist at C.N.E. Contest

Kristi Bjorndahl, Madoc fair Queen, did exceptionally well in the Miss C.N.E. competition last Wednesday in Toronto.

Competing with about 110 other young ladies, Kristi was chosen as one of the seven semi-finalists.

This is a tremendous achievement for Kristi as many of the other competitors had had training for and had worked as models and had gained experience in a number of other competitions.

Kristi's parents, Don and Dorothy Bjorndahl, have every right to be proud of their daughter's accomplishment and it is reported the Mrs. Bjorndahl said "I'm pleased that Kristi did so well." They had accompanied Kristi to Toronto earlier in the week to be with her as she went through the preliminary stages of the competition.

Kristi said, "It was great. It was a wonderful experience and the support from my family and friends helped tremendously. I would like to thank those who came down on the bus trip for their support and of course the ladies from the Fair Board and every one else who helped. I'm still on cloud nine and am quite pleased to have made it to the semi-finals."

There was no one

special highlight for Kristi. "It was all really wonderful and I did enjoy meeting some of the friends I had made last February at a preliminary meeting of the competition, and yes I enjoyed riding on the miniature train in the parade," said Kristi.

She has one more official duty to perform before her reign comes to an end, and that is to pass on the crown

and sash to the new queen to be chosen on the 26th. of August.

"It's been exciting and fun," said Kristi, "but now I can get on with my new job."

Kristi is a recent honours graduate from Loyalist and has accepted a position as a medical secretary at Belleville General Hospital.

Congratulations and Well Done, Kristi.

Kristi Bjorndahl

A surprise party that really was a Surprise

Dennis and Marlene Bush were treated to a surprise farewell party hosted

by long time neighbours Mr. and Mrs. Bob Scrutton. When Dennis and

Marlene went to the Scrutton home last Thursday, they thought that they

were going to have a barbecue with their friends. However, instead of two friends there was a host of friends and neighbours gathered together to say goodbye to the Bush's.

"Some barbecue," said Dennis. "Some surprise," said Marlene, "we had no idea that such a gathering had been planned. It's really nice to be with old friends and neighbours like this and we really appreciate the thoughtfulness."

As is well known, Dennis has been transferred to the Napanee detachment of the OPP, taking up duties there last month. Marlene has been involved in all the chores connected with moving and has just finished at her job with the Toronto Dominion Bank.

The move to Napanee will be complete

within the next week or so," said Marlene, "and then comes the fun part, looking for the box with the dishes in and wondering which box the coffee pot is in."

Having spent almost twenty years of his life here in Madoc, Dennis admits that it was a bit of a wrench in making the move. "Our children were born here, and grew up here," said Dennis, "so it's home to them. Looking off into the distance, he added, "After so long, it's become home to us too."

Dennis and Marlene can go off to their new community with the best wishes of all their friends and neighbours. They can be sure, too, that they can come back "home" any time they want.

Chase on Highway and in Bush

On Friday last, during the big storm, Officers from the Madoc OPP detachment were engaged in a car chase and a man hunt through the bush, west of Madoc Village.

A radar unit operating on Highway 7 had detected a "speedster" and when the officer flagged the vehicle down, the driver increased speed and drove away. Giving chase, the cruiser followed the fleeing vehicle down a side road where the wanted driver became bogged down on a section of the road that was under water.

Two people then fled the scene on foot into the bush. The OPP continued the

chase and called in the canine unit from Belleville. "You can imagine the fun we had," said one spokesman, "giving chase in that storm." The two wanted people were picked up some time later in a Marmora area restaurant and the duo, one adult and one Young Offender, were held by OPP.

They face a number of charges: under the Highway Traffic Act and Criminal Charges, with some of these charges, it is understood, stemming from offences unrelated to the incident leading to the chase.

The pair, both from Durham Region, will appear in court on Monday the 18th, for a bail hearing.

Strict is fair

Sgt. T.E. St Germain of the Madoc O.P.P. reports that the strict is fair program was enforced during the weekend of August 8-10th.

As a result, 63 persons were charged with Highway Traffic Act violations and 2 were charged with Impaired Driving.

kinds of desserts, tea or coffee included in the \$4 admission price, this definitely has to be a "top value for your money" event.

So plan to attend.

Forget the counting of calories. Drool over the desserts, ooh!, over the fashions and support the contestants and the efforts of the Ladies of the Fair Board.

Fair Queen to be chosen at Fashion Show

Arrangements are well in hand for an entertaining and exciting evening next Tuesday the 26th.

The Homecraft Division of the Madoc Fair Board is presenting a ladies and mens wear Fashion Show in conjunction with the annual Madoc Fair Queen competition.

There are six contestants entered

for the Fair Queen title this year and it would seem that the judges will be in for some hard work arriving at a decision.

The young ladies that will be competing for the local title and the opportunity to enter next year's C.N.E. competition are ralphabically, Margaret Bailey, Velvet Embleton,

Sue Ketcheson, Debbie Pack, Sherry Sager and Debbie Shaw, all of whom are from Madoc Township.

The fashion show will feature a wide range of mens and ladies wear," said Ailene Pigden, "and we are indebted to the local merchants who are supporting this event." This is the first time that we

have held the Fair Queen competition in conjunction with a fashion show," she added, "and we are hoping for a good turnout."

Some of the local businesses participating in the fashion show are. Today's Girl, Stickwoods Dry Goods, Angelo's, Kramps Sports, Champagne and Tea, Lindsay Godfrey,

Westwind Boutique, Bev. McNabb of Mary Kay Cosmetics and Audrey's Flowers. "A number of other merchants are donating prizes for the contestants, but the list is not complete as yet," said Mrs. Pigden.

The banquet room at Woodlands Restaurant is the site of this event and with about 14 different

Township has new crest

Tammy Bateman and Connie Morris

Storm

Debris from Exploded Limb

derstorm, Madoc last night to have, first one so- r. However, arded to ith their half inches in forty the village ite lightly. P. did not y calls for during the did they reports of damage or one tree k by light- the village no injury e. on the front lawn of the home of Wayne West, 116 St. Lawrence East, had a large limb blasted off when struck by a lightning bolt. Leaves, twigs, pieces of wood and bark were scattered over a wide area of the street. On a piece of bark was spotted on a hydro pole near the Kiwanis Centre, a distance of about 80 yards away. Mr. West reported no damage to his house except for a plastic electrical connector that had split in half and a blown fuse. "Considering the tree is so close to the house (about 25 feet), we were really lucky," he said.

Ray Bailey who lives across the street said that he had unplugged everything when the storm hit, but he had seen a momentary ball of fire near his television set. A report came into the office that Mrs. Violet Preston had been sitting in a car near the tree that had been struck. She reported that she felt a tingling sensation but was not hurt. She did, apparently, admit to being a little "shook up."

Madoc Township Council have chosen a design for an official crest from a number of entries submitted in a recent competition.

Bill Lebow, Madoc Township Clerk, reported that all the entries showed talent and originality but the winning design seemed to tell the story of the Township in an excellent design.

Designers of the crest are Tammy Bateman and Connie Morris. Tammy is from Madoc and is a student at university in Guelph. She has been working at the Public Health Unit in Madoc this summer as an illustrator, doing art work on teaching aids and

posters. Connie, Campbellford and is who was from this also in university, at area, now resides in Queens, working

through the summer with the Trent-Severn Waterway.

These young ladies have been good friends for some time and went through Centre Hastings High School together.

Their combined talents have produced an impressive looking crest that depicts the spirit and background of the township in a clear manner. This crest is being reproduced on a large scale for display at the upcoming International Plowing Match.

Look for this crest at the Madoc Township booth when you go to the plowing match, you will be impressed with its colour and presentation.

Serious injury in local accident

On Wednesday evening, the 14th of August, a village resident, Katherine Bonter, suffered a serious injury to the lower part of her leg as a result of a collision.

The police report states that Katherine Bonter, aged 17, was driving a 1983 Honda Dirt Bike

southbound on the C.N.R. right of way and failed to stop at the road. She was struck by a vehicle being driven by Garry Tarrant of Madoc who was travelling west in the westbound lane of the old Madoc-Marmora Road.

Katherine Bonter

was taken to Kings-ton General Hospital where, it is reported, she underwent emergency surgery to save her foot. Her father, Rob Bonter said on Saturday morning, Katherine is scheduled for additional surgery today and from here on in, it's a question of waiting for results.

He commented that Katherine is in for a long slow recovery process.

The OPP report concludes by saying that Const. D. Creelman is continuing his investigation and that charges are pending under the Off Road Vehicle Act.

ere is a meeting
eduled on
nesday the 20th

August at 7:30 p.m. in the basement of St. Peter's Presbyterian church. There have been several executive meetings in the past few weeks, but this is a General Meeting open to parents and

other interested parties. "This will be an opportunity for the parents to meet and get acquainted," said Mrs. Brett.

Commenting on the registration, Mrs. Brett said, "We have 27 children regis-

tered, but we are geared for 32," she went on "we can accommodate another 5 children, and if any parents are interested, they should come to the meeting."

An experienced

teacher, Janet Demaray has been hired to conduct the four classes which will be held Tuesday and Thursday mornings and afternoons.

"The nursery school," said Mrs. Brett, "is not a day

care centre, nor is it structured in the same manner as a kindergarten class." It seems emphasis will be placed on activities that will help the children react positively to each other and the group

and to give them some experience and background to ensure a smoother transition into the public school system.

For more information call Mrs. Jill Brett at 473-2770.

Only seventeen more days until the Madoc Township Ball Association will be opening their field to the biggest event they have hosted in their five year history.

On August 30th, eight Pee Wee teams will arrive to compete for the all Ontario Pee Wee "D" Championship. To date four of these teams are confirmed. They are Pittsburgh, Verona, and Long Sault, as well as host

team, Eldorado.

The Nucleus of the Eldorado team have been together for five years, playing the first two years as the Eldorado Lakers, then the Eldorado Pros and this year as the Eldorado Cheese Phantoms. The first three years they competed in Rural Playdowns and last year they played in O.A.S.A. Squire "D" Championship in Wingham. They came home with a fourth place finish. This year with new uniforms and moving to the Pee Wee Classification they are hosting the Championship. Laurie Trotter and Bob Garrow are the coaches of these boys. Team members are Troy Trotter, Marty Shaw, Andy Meers, Ian Ketcheson, Craig Hill, Patrick Graham, Charlie Garrow, Dale Davis and Wesley Cromwell, as first year Pee Wee's. As second year Pee Wee's we have Shaun Chapman, Wayne Donaldson, Dale Phillips, Dean Phillips and Barclay Sexsmith. This team finished second in the Centre Hastings League. Their uniforms of

gray and white with red trim are sponsored by the Eldorado Cheese Company.

We wish these boys best wishes in their

upcoming tournament. Hope to see each and everyone of you there to support our local boys.

Remember the date August 30th. and 31st.

Huntingdon Township Council Minutes

regular meet-
the Council of
Township of
gon was held
Township Hall
Ivanhoe on
July 28, 1986.
nt were
y-Reeve Ketch-
Councillors
k, Allen and
and Clerk-
r Jones.
uty-Reeve
eson assumed

the chair in the
absence of the Reeve.
A motion was
carried.

THAT By-law
2159-86, being a by-
law to provide for the
erection of stop signs at
designated
intersections on
township maintained
roads, receive three
readings and be
passed.

It was decided that

twenty banquet
tables would be
constructed for the
new hall. The tops
would be 34 in fir
plywood with folding
legs attached, and
council approved the
purchase of the
necessary material.
It was decided that
two handicap bowls
be purchased for use
in the new washroom
and that the old

carpet be removed
from the kitchen
floor and tile
installed.

Moirs River
Conservation Author-
ity requested Coun-
cil's concurrence on
their Fill, Construc-
tion and Alteration to
Waterways Regula-
tion, and it was
moved by Ted
Pollock, Seconded by
Ken Yarrow.

THAT the Council
of the Township of
Huntingdon being
aware of the implica-
tions of the policies
set out in the

REGULATION
MADE UNDER THE
CONSERVATION
AUTHORITIES ACT

FILL, CONSTRU-
CTION AND ALTER-
ATION TO WATER-
WAYS" does hereby
concur with the ap-
plication of the Moira
River Conservation
Authority for approv-
al, under the Conser-
vation Authorities
Act, of this Regula-
tion." Carried.

Correspondence
was received from O.
Gregory Anderson on
the damage to the
Township bridge.

Council
was advised that Mr.
Shawn Storms is
residing in a mobile
home on Part Lot 5,
Concession 2. The
property is owned by
his parents Mr. &

Mrs. Norman
Storms.

Moved by Bill
Allen, Seconded by
Ted Pollock.

THAT correspon-
dence be forwarded
to Mr. Storms advis-
ing that residence in
a mobile home is a
contravention of the
Township's Land-Use
By-Law." Carried.

A discussion took
place regarding jan-
itorial requirements
for the new addition
resulting in a motion
being passed.

THAT guidelines
be established for
janitorial services in
the Hall and Muni-
cipal Offices for review
at the next regular
meeting." Carried.

Moved by Ken
Yarrow, Seconded by
Bill Allen.

THAT the Infor-
mation Correspond-
ence be received
and filed.

Moved by Ken
Yarrow, Seconded by
Bill Allen.

THAT the Official
Opening of the new
facilities be sched-
uled for Saturday
September 6, 1986
commencing at 7:30
p.m. Lunch and
music for dancing
will be provided by
the Township and the
Fire Department will
be approached to
operate a cash bar." Carried.

Master plan for O'Hara's Mill

In 1985, the Board
of Management for
O'Hara Mill (an
advisory board)
engaged the services
of a consultant to
prepare a feasibility
study and master
plan for the historic
site.

Restoration,
preservation and
expansion are
covered in the recen-
tly released consul-
tants report which
has been studied by
the Moira River
Conservation
Authority.

The M.R.C.A. has
given approval to the
plan which is broken
down into four phases
and carries an esti-
mated price tag of
almost \$815,000.
However, it appears
that this expenditure
would not have an
effect on the exist-
ing formula under which
municipalities
support the M.R.C.A.
as the funding is
expected to come
from senior govern-
ment sources.

The plan is to be
submitted to the
Minister of Citizen-
ship and Culture for
approval and once
this has been
obtained, it is
expected that the
O'Hara Mill site will
qualify for special
grants available to
museums. Addition-

ally the board will
solicit donations,
organize fund raising
activities and make
use of government
sponsored work pro-
grams. The financial
aspects of the plan is
based on the premise
that no additional tax
burden will accrue to
the municipalities for
work carried out
under the recommen-
dations of the
consultant.

Phase one of the
plan addresses the
immediate needs of
the buildings on the
site. This is the most
expensive phase of
the four with costs
estimated at about a
quarter of a million
dollars. As and
when funds are avail-
able, much of the
money will be spent
on improving and
replacing the founda-
tions of many of the
buildings. The origi-
nal O'Hara family
dwelling would
require a great deal
of work done on the
foundations as it is
planned to create a
basement for the
house. The water
powered mill will
come in for a great
deal of repair and
renovation to bring it
to fully operational
status.

The other phases of
the plan, would see

INVITATION FOR EXPRESSIONS OF INTEREST

RECYCLING PROGRAM

CENTRE & SOUTH HASTINGS COUNTY

SOLID WASTE MANAGEMENT MASTER PLAN

Municipalities of Centre & South Hastings County are undertaking an
omental assessment of solid waste management leading to the
plopment of a solid waste management system for a 25 year period.
important part of the Assessment is the investigation of alternatives to
disposal of solid waste by landfill.

part of the assessment, the Waste Management Committee is
eloping policies with respect to encouraging private proponents to
blish and operate alternative waste management facilities. The
mmittee is inviting submissions from private interests that might
icipate in the long term solid waste managemint system. Expressions
interest are therefore invited. Submissions will be treated confidentially
should be forwarded to:

Beauties Runners-up

BY ISABELLA SHAW
The Eldorado Beauties finished their league play on Sunday as 'A' Runners-Up. Playing in a six-team league with teams ranging from Bantams to Junior, the Beauties finished in a two-way tie for first with the Belleville Bantams. This meant that a decision had to be made as to whom would get first place and the possible bye.

Belleville received this honor and after an easy victory over Belleville Malcolms, they settled down to wait for a 3 p.m. final.

The Beauties had the long route to take and after waiting 40 minutes for the umpires to show, they supplied their own and then posted a 10-7 win over fifth place finishers, Tweed Juniors. Suzanne Franks, Andrea Peters and Tracey Ross shared the mound with 10 strikeouts, six hits, seven walks and seven runs. Andrea had four runs off four hits. Patti Brownson and Tracey Trotter scored two each as did Tracey Ross.

Game number two was played at noon, after a 20-minute rest, against the Belleville Parkhursts. The Beauties

posted an easy 12-3 victory over the Parkhursts in six innings. Linda Bailey had three runs for the winners. Andrea Peters and Tracey Trotter scored two each and Tracey Ross, Patti Brownson, Susan Shaw, Suzanne Franks and Annette Foley had singles. Andrea pitched a one-hit game, giving up three walks with eight strikeouts.

With an hour and a half break, the girls had a quick lunch and then relaxed until three when they were back on the field for the finals. They played a well-rested Belleville Bantam team and came out on the losing end of a 19-11 score. Not a true picture of these teams.

Suzanne Franks scored three runs; Tracey Trotter and Patti Brownson had two each. Single runs were scored by Andrea Peters, Paula Harris, Susan Shaw and Annette Foley.

The team played excellent ball and again showed that they are young ladies to be proud of. The Beauties have just their Ontario Finals to play now and they will have completed their 50th year.

Game two with St. Williams will be played

Phantoms win League Championship

Eldorado Phantoms (file photo)

BY ISABELLA SHAW

For the second year in a row this team of boys won their league championship. Last year, they eked a 6-5 decision over Frankford in the finals. This year, it was a decisive 10-3 win over Frankford.

Marty Shaw was on the mound for the winners with 10 strikeouts, six hits and three walks in the victory. Andy Meers, Marty Shaw

and Wayne Donaldson had two runs each with singles going to Troy Trotter, Pat Graham, Shawn Chapman and Dale Phillips.

On the way to the championship game, they defeated Madoc 12-3. Pat Graham pitched the opening game going the distance for the winners. He gave up one hit and walked only two. Wayne Donaldson scored three runs on a single, a triple and a

walk. He also drove in four more runs. Also with three, was Shawn Chapman. Pat Graham scored twice and Andy Meers, Marty Shaw, Troy Trotter and Ian Ketcheson each had singles.

Dale Phillips was on the mound for the second win, an 8-0 victory, over Springbrook. He had six strikeouts, six walks and one hit. Ian Ketcheson had two runs, one of which was a solo home run.

Cont'd on page 11

Ladies Tournament Set

BY ISABELLA SHAW

The Ladies Fun League tournament is set for August 22, 23 and 24 at Eldorado with games in both 'A' and 'B' Championship. League winners were Cooper Connections with 24 pts. Phillies in second with 22. Cheddarettes with 20 and the Bandits with 18.

In the 'B' side are Hannah Electric, Goldiggers Raiders and Cougars. 0

Friday night, at 7 p.m., the Goldiggers will play their first game. Opposition not known at press time. At 8:30, Cooper Connections will meet the Cheddarettes. At 9 a.m., on Saturday, Hannah Electric will host the other 'B' teams (these games are not definite because of games to be played yet). At 10:30, the Bandits and the Phillies will meet.

Games will

continue all day, Saturday and Sunday. There will be a Grand Championship game return this year.

Also on Sunday, August 24th, the Eldorado Beauties will host St. Williams for the second game of their All Ontario Midget Championship; time approximate 3 p.m.

See you at Eldorado for a weekend of ladies' ball.

by Isabella Shaw

With only six games left to play, the divisions seem set but final placings are still up for grabs. In the A Division we find four teams. Cooper Connections, Phillies, the Bandits and the Cheddarettes. Right now Cooper and the Phillies share the lead with 22 points but Cooper has a game in hand. And tied for third are the Cheddarettes and the Bandits, with 18

points. At press time, this tie will have been broken, as the two teams face each other in their last game of the season.

In the second division we find Hannah Electric with 10 points, the Goldiggers with 6 points and the Cougars and the Raiders tied with 2 points each.

The ladies tournament will be held on August 22nd, 23rd and 24th at the Eldorado field. Come out and support your favourite team.

played after (time approximate).

Obituary

ETHEL KELLER
Mrs. Ethel Keller passed away at Hastings Manor on Monday August 4th, 1986 in her 89th year.

Born in Huntingdon Township she was the wife of the late Wm. Keller of Madoc and the daughter of the late George Wannamaker and the former Katherine Easton.

Mrs. Keller is survived by her two sons, James of Madoc and Ronald of Belleville. Two daughters, Hilda (Mullett) of Crookston and Verna (Pigden) of Madoc.

five Grandchildren and five Great Grandchildren. She was a member of Trinity United Church of Madoc.

The funeral service was held on Thursday August 7th, 1986 from the McConnell Funeral Home in Madoc, with the Rev. Annette Reinhardt officiating. Interment took place at White Lake Cemetery.

Pall Bearers were Kenneth Holland, Leslie Blakely, Don Wannamaker, Leo Coveny, Fraser Hown and Elvin Holland.

Huntingdon Recreation Committee

meeting of the
Huntingdon Town-
ship Recreation
Committee was held
at the Township Hall
on Sunday
8, 1986. Present
Blanche Reeves,
Ellen Winnifred
Sheila Zajac,
Randy Hachey, Lee
Blanche
Gloria Reid
Dianne
stone.
Randy Hachey
attended the
meeting through the
Ministry of
Tourism and
Recreation to

research areas of
possible recreational
expansion, attended
the meeting to update
the members on her
activities to date.
Jackie presented
copies of surveys of
surrounding municipa-
lities pertaining to
types of leagues in
operation, fee struc-
tures, etc. Also, a
phone survey of resi-
dents in the Township
will be initiated to
determine the prefer-
ences of Huntingdon
residents regarding
what types of pro-
grams they would like

to see implemented
in the Township.
Carrie Reid,
employed by the
Recreation Commit-
tee through the Mini-
stry of Employment
and Immigration,
also attended the
meeting to report on
her activities as
"Canteen Co-
ordinator".
"Summer Sena-
tion" Programs (The
Great Outdoors and
Creative Play) took
place at the Hunting-
don Township ball
park on July 5, 1986.
Reports from pro-
gram volunteers, Bill
Allen and Lee-Mitz,
affirmed the success
of both programs;
therefore, two more
programs will take
place on Monday
August 11th (Grow-
ing Together from
9:30 a.m. to 11:30
a.m. and Fun and
Fitness from 1:00
p.m. to 3:30 p.m.).
Gloria Reid and Lee
Mitz will attend the
respective programs
in a volunteer
capacity.
It was decided that
the "Huntingdon
Hoedown" be re-
scheduled to October
4th and THAT a co-
ordinator for the
event be designated
at the next meeting.
Committee
members were
informed that the two
lawn mowers are in
various stages of
disrepair, and the
committee agreed that
repairs be

authorized for the
Gibben lawnmower
and that repairs be
authorized for the
Lawn Boy provided
the total cost does not
exceed \$20.00.
Committee
members were
informed that the
parging has been
completed on the
cistern, under the
canteen.
Randy Hachey
attended the June 9th
Council meeting on
behalf of the Recrea-
tion Committee to
discuss erecting a
storage shed at the
South end of the ball
diamond with used
materials being
salvaged from
construction of the
new addition. The
proposed location is
between the double
gates and the last
tower outside the
fence. As a result,
Council passed the
following resolution:

the Barbie Doll for
the upcoming draw
and Mrs. Dorothy
Reeves will be donat-
ing the doll for the
next month's draw.
Randy Hachey
reported that the
total cost involved for
the ball diamond
lighting system is
\$25,004.45.

ship Fire Depart-
ment, Jack Stevens
in memory of Eileen
Stevens and THAT a
thank-you letter be
sent to George Flem-
ing for the use of his
land and his patience
during the disrup-

tion." Carried.
Don Geen advised
that he has approxi-
mately 160 yards of
topsoil for sale if the
Recreation Commit-
tee needed any. The
committee felt that
topsoil was adequate
at the present time.
Railroad ties have
been obtained from
Green Mountain
Railroad Contractors
Inc. to be used as a
foundation for the
proposed utility shed.
It was also
reported that a new
compressor was put
in the pop cooler on
July 11, 1986.

**MOIRA RIVER
CONSERVATION
AUTHORITY**

REFORESTATION PROGRAM

It is still time to apply for the M.R.C.A. Tree
Planting for the Spring of 1987.

You own a minimum of 5 acres of land in the
Moira River Watershed, then you may qualify for
the Reforestation Program.

Authority will order, deliver and plant trees on
your land (about 800 trees per acre) up to 10
acres per year.

Cost: 75 cents per tree

Applications available from:
Moira River Conservation Authority
Box 698, Belleville, Ontario
K8V 5B3

For more information please contact Keith Taylor;
319-668-3434

Applications must be received by Sept. 15, 1986.

Obituaries...

**CHARLES
GORDON
WALKER**

Funeral was held on August the 13th, 1986 for Mr. Charles Gordon Walker who passed away on August the 11th at the Belleville General Hospital.

Mr. Walker was a resident of RR1 Eldorado for the past seventeen years and had been ill for the past six months. He was 76 years old.

Born the son of Harry and Margaret Walker he was educated at Gilmour and Eldorado public schools and for a number of years had resided in Toronto. He was a retired C.N.I.B. employee

and a member of Eldorado United Church as well as being an Honorary Member of Nickle's L.O.L.

He is survived by brother Percy of Calgary, sisters Clara (Mrs. Walter Bronson) of Crookston, Florence (Mrs. Earl Blakely) of Eldorado and is predeceased by sister Pearl and brothers Fred and Frank.

The funeral was conducted from the McConnell Funeral Home with interment in the Eldorado Cemetery, Rev. Jeff DeJong officiating.

Pall bearers were neighbours, Bill Robinson, Ken Burns, Raeburn

**Robinson, Gerald
Pack, Percy Blakely
and Cyril Shaw.**

**KERMET
WAGAR**

The death occurred at his home 20 Donald Street, Havelock, on Monday, July 28, 1986, of Kermet Alexander Wagar in his 76th year.

He had been in failing health for the past several months. Prior to moving to Havelock he had been a resident of RR 2, Marmora.

Before retirement, he was employed in the construction field.

Surviving are his wife, the former Loraine Domm, one son, Darrol of Oshawa, two daughters, Bonita Elmhirst of Calgary, Alberta, and Mrs. George Watson (Rosalind) of Peterborough, three grandchildren, two sisters, Mrs. Corlene Davis of Kingston and Mrs. Anna Teskey of Napanee, and one brother, Reginald of Deseronto. One brother, Earl, and one sister, Mrs. Doris Cronk, predeceased him.

The service was held at the Brett Funeral Chapel, Havelock, Wednesday, July 30, 1986, at 2 p.m. Rev. John Hopkins officiating. Interment was at

Pine Grove Cemetery. The pallbearers were Mark, James

and Daniel Wagar, Ian Peterson, Ben Beatty and Gordon Smith.

Employment opportunities galore

One of the benefits of any agricultural show is the large number of local personnel that it employs. The International Plowing Match comes to Stirling from September 16th to 20th, 1986, but the work starts long before that!

With the setup and preparation, the show itself, the dismantling and packing up, employment opportunities for more than 150 people can range from two to six weeks.

The Belleville Canada Employment Centre is now taking job applications for laborers, cashiers, cooks, counter attendants, hosts and hostesses. You may contact us at 228 Dundas Street East, Belleville, or call us at 962-8681.

O'Hara's Mill

Cont'd from page 4 buildings relocated on the site so that they would represent the layout of a typical hamlet of that time period. Additional buildings would be obtained and installed and better facilities incorporated to preserve the artifacts during the winter months. More, and better visitor

facilities are planned for in the future.

It is an ambitious plan and a definitive one. Hopefully, the government will give it's stamp of approval and open the door to much needed funding, thus allowing the Management Board to preserve this important segment of our history.

A.T.V. HAINES
received minor

injuries.
On Saturday,
August 9th, 1986 at
9:08 a.m., William A.
Waller, Marmora,
Ontario, age 23 was
driving southbound
on the roadway when
it went out of control
and into the east
ditch. Three persons
in the vehicle were
injured and taken to
Belleville General
Hospital by
ambulance

IN THE COURT

The following cases
were heard in Madoc
Provincial Court,
Criminal Division on
Monday August 11,

Timothy A. Hogan,
18, of RR2 Marmora
had pled guilty to an
earlier court appear-
ance to two charges
of Theft Under \$1,000.
On the 11th of August
'86 Hogan was

sentenced to two
years probation and
ordered to perform
100 hours of
Community Service
Work.

David J. Douglas,
22, of RR5 Madoc,
pled guilty to driving
with more than 80
mgs. of alcohol in his
blood. He was fined
\$400 and placed on
probation for six
months.

Fiftieth Anniversary

ust 5, 1986, was
oth Wedding
ersary for Mr.
rs. Hugh Bark-
ldorado. They
ated the day on

August 3, with a lun-
cheon at Birchcliff
Lodge on Baptiste
Lane, Bancroft.

After graduating
from Normal School

in Peterborough,
Mrs. Barker (nee
Luella Tomlinson)
came to teach in the
Bancroft area and
here she met Hugh

Barker. They were
married at Green-
bank, Ontario, in
1936, and had their
first home at a farm
near Ivanhoe. With

two sons, Gurney and
Lea, the family
moved to a farm at
Eldorado in 1940,
where Mr. and Mrs.
Barker still reside.

Congratulatory
greetings for the
Barkers' Golden
Anniversary were
received from the
Governor General,
the Prime Minister,
the Premier of Ontar-
io and the MPP for
Hastings, Mr. J.
Pollock.

and Mary Stewart
Collect.
The roll call.
"What do you know
about the
A.C.W.W.?"
was answered by 16
members. There
were four visitors.

There was a short
business discussion.
It was decided to
canvass for the CNIB
again this year. A
thank you note was
received from the
Parks Family for
lunch served after

their father's
funeral.

Mrs. Roy Rollins,
Educational and
Cultural Activities
Convener, was in
charge of the pro-
gram. She read a
couple of short se-
lections on books. Mrs.
Edna Armstrong also
gave a reading. Mrs.
Alf Sutton read a
selection on the Inter-
national Year of
Peace.
Mrs. Rollins then

introduced our guest
speaker, Mrs. Rex
Rollins from Cooper
W.I., who had
attended the
A.C.W.W. Confer-
ence in Ireland in
May. Mrs. Rollins
gave a very interest-
ing talk on the
Conference and also
a tour she had taken
after the Conference
was over. She then
showed slides of the
many different
places she had
visited while in

Ireland. This was all
very interesting and
enjoyed by everyone.

Mrs. Mervil Lees
presented Mrs.
Rollins with a gift
and thanked her for
her splendid talk and
then the meeting
closed with "The
Queen".

Lunch was
served by the hostess
and her assistants
and everyone
enjoyed a social
hour.

Elzevir and Grimsthorpe

A regular meeting of the Elzevir and Grimsthorpe Township Council was held in the Council Chambers on Tuesday, August 5, 1986 at 7:00 p.m. Deputy Reeve, D. Brough presided over the meeting with Councillors, G. Best, H. Lewington and S. Roy in attendance.

It was moved by H. Lewington and

seconded by S. Roy that the minutes be adopted as circulated. Carried.

A delegation of the Elzevir Township Recreation Committee members, Hazel Stephens, Marg Chislett, Sharon Tilbrook and Lynda Toyota attended Council. They made inquiries about the hydro bills, grass cutting, blocking off the hall, the lottery licensing, charges for copies and the pop machine.

It was moved by S. Roy and seconded by H. Lewington that the Township pay the hydro bills for the hall, then bill the Recreation Committee at the end of the year for half of the amount of the bills. Carried.

An application from Lowell VanMeer for a minor variance was read. It was moved by G. Best and seconded by S. Roy that the Clerk proceed with the minor variance with the Committee of Adjustment. Carried.

Correspondence was read from the Ontario Legislative Committee Canadian Railway Labour Association re its opposition to the removal of cabooses on trains. It was moved by H. Lewington and seconded by G. Best to endorse its resolution. re cabooses. Carried.

Correspondence was read from the Ontario Legislative Committee Canadian Railway Labour Association re its opposition to the removal of cabooses on trains. It was moved by H. Lewington and seconded by G. Best to endorse its resolution. re cabooses. Carried.

It was moved by G. Best and seconded by S. Roy to receive and file a resolution from

the Township of Herschel regarding nuisance beaver. Carried.

It was decided to request representation from the M.R.C.A. at the next meeting to answer questions about the new regulations they are planning.

It was moved by H. Lewington and seconded by G. Best to receive and file the following correspondence for information:

- 1) L. Bryan re the Walker purchase.
- 2) Centre Hastings Medical Centre - thank you for a donation.
- 3) Ministry of Revenue - thank you for ordering the Manual and Guide out of stock at present.
- 4) M.T.C. regulations re working in or near water.
- 5) Centre Hastings Community Corrections - thank you for donation.
- 6) Regional Assessment Office - 1986 Equalization factor the Township.
- 7) Ministry of Municipal Affairs - for the Ministry of Citizenship and Culture re reserves and reserve funds for Library Boards. Carried.

It was moved by G. Best and seconded by S. Roy to receive and file the following correspondence for information:

- 1) Terry Pigden re waste disposal.
- 2) M.T.C. - that the 1985 annual returns had been reviewed and that an on-site audit would not be necessary.
- 3) Ontario Municipal Board - annual report.
- 4) County of Hastings - quarterly returns.
- 5) M.N.R. - fire report.

It was moved by G. Best and seconded by S. Roy to receive and file the following correspondence for information:

- 1) Terry Pigden re waste disposal.
- 2) M.T.C. - that the 1985 annual returns had been reviewed and that an on-site audit would not be necessary.
- 3) Ontario Municipal Board - annual report.
- 4) County of Hastings - quarterly returns.
- 5) M.N.R. - fire report.

6) Ministry of Municipal Affairs - booklet re financial assistance to municipalities.

7) Minutes: Hastings County Board of Education M.R.C.A. Elzevir Twp. Recreation Committee.

8) Sterling Warner, secretary, Tweed and Area Community Support Services, requesting a meeting with Council.

9) M.T.C. re municipal bridges and load limit by-laws. Carried.

At this point, Reeve, Jack Robinson, arrived from another meeting.

It was moved by H. Lewington and seconded by J. Robinson to accept the tender submitted by Hazen Trites for the purchase of the buildings on the Larson property. Carried.

By-law No. 86-7 was then introduced being a by-law to restrict the weight of vehicles passing over bridges. The first reading was moved by J. Robinson and seconded by H. Lewington. Carried.

It was moved by S. Roy and seconded by G. Best that the following accounts be paid:

Road Voucher 7 \$60,060.27
General Accounts: Total 2,003.07 Carried

Moses Duquette, road superintendent, reported to Council on road matters. The recent purchase of a new road grader was discussed.

The treasurer presented the annual letter to taxpayers and the mid-year financial report of expenditures and revenues to Council.

H. Lewington adjourned the meeting, to meet next on Monday, August 18, 1986 at 7:00 p.m.

IF YOU ARE FIFTY-EIGHT YEARS OF AGE OR OVER OR A HOUSEHOLD WITH CHILDREN

THIS IS OF INTEREST TO YOU

The Village of Madoc in conjunction with the Ministry of Housing, is conducting a survey to determine the need for market and rent-geared-to-income housing for senior citizens and families in your community.

Questionnaires are being distributed to senior citizen and tenant family households as part of a survey to determine the interest in this type of housing.

ONLY BY COMPLETING A QUESTIONNAIRE CAN YOU HELP TO DETERMINE WHETHER THERE IS A DEMAND FOR MARKET AND ASSISTED RENTAL HOUSING FOR SENIOR CITIZENS AND FAMILIES.

Seniors and families interested in obtaining more information or who did not receive a questionnaire and would like one sent to them should contact:

Doug Parks A.M.C.T.
Clerk Treasurer
Village of Madoc
107 St. Lawrence Street West
Box 310
Madoc, Ontario
K0K 2K0

A Public Meeting will be held on September 10, 1986 at 7:00 p.m. in the Municipal Office, 107 St. Lawrence Street West, Madoc, Ontario to provide further information about the proposed project and answer any questions.

Variety gala set for Norwood

Norwood of
is again
ing a Day-
Variety
Sunday,
24th, 1986,
5 p.m., at
wood Fair

which is adjacent to
the fairgrounds.

The entire day is
being presented by
the Norwood Cham-
ber of Commerce to
raise funds for the
building of the Volun-
teer Firefighters'
Training Centre.

With only \$1 per
person admission,
the Chamber hopes to
exceed last year's
attendance, and
besides providing a
full afternoon's

entertainment, raise
even more money for
the much-needed
Training Centre.

The highlight of
this year's program
will feature the musi-
cal entertainment of
Brimstone and the
Mundells, along with
the 16 finalists in the
Two for the Show
Talent Contests,
which have been
travelling the area
since the end of
March.

The afternoon-long
event will present a
varied selection of
entertainment bound
to suit most every
musical taste. The
final winner of the 16
contestants will be
awarded \$500 in prize
money, which comes
from the door
receipts at the vari-
ous talent shows.

The 16 finalists
involved in the quest
for the top prize
money are: Don
Burrows - Deanna

Neil, both of
Warsaw; Jim-Bob
Marsden and Doug
Gray, Alderville;
Lynn Mathews,
Havelock; Bonnie
Irwin - John Morris -
Marie Wheeler,
Peterborough; Julie
Gawthorpe, Corby-
ville; Mark and
Maureen Sweeney,
Douro; Jim Moir,
Campbellford;
Candy Olszewsky,
Bancroft; Albert
Moher, Lakefield;
Julie Simpson, Belle-

ville; Robbie
Tebworth, Frank-
ford; Kathy Moore,
Ennismore; and
Mike Foster of
Norwood. All top
"Two for the Show"
finalists and all very
very talented perfor-
mers. It will be quite
a day.

Special "Guest"
performers will
round out a full after-
noon's entertain-
ment, the whole
family can and will
enjoy.

All this entertain-
ment can be enjoyed
for only \$1 per person
- "A great number of
donated door prizes,
certainly worth
owning or having,
will also be drawn
for."

Enjoy the day -
Enjoy the entertain-
ment - Enjoy the
Talent Show.
Sunday,
August 24th, and
support the Training
Centre Building Fund
at the same time.

Una Golding receives volunteer award

Peterborough
will be
d with the
government's
Volunteer and Certifi-
cation of Honour to a
ceremony to

be held at the Keene
Memorial Centre.

Presentation of the
Health and Welfare
Canada award will be
made to Una Golding
by local MP Bill

Dommm during the
Royal Canadian
Legion Zone 5 annual
Drumhead Services
being hosted by
Branch 607 in Keene,
on Sunday, August
24th.

Mrs. Golding, who
has already received
many service awards
and medals has,
through the Royal
Canadian Legion,
played major roles
on projects designed

to relieve pain,
suffering and the
provision of food,
clothing and trans-
portation in the
Peterborough area.

The Canada Volun-
teer award is
designed to recognize
those Canadians who
have made an

outstanding volun-
tary contribution in
improving the health
and well-being of
their fellow citizens.
Although it is a
national award, it
recognizes special
efforts made at the
local and regional
level.

Candidates may be

nominated for the
award by individuals
or organizations.
Information on the
program and nomi-
nation forms are
available from the
Secretary, Lifestyle
Award Committee,
Health and Welfare
Canada, Ottawa, K1A
0K9.

California Cuties return to area

are on the
again, and
to our town!
on the road
Why, the
California
Softball Team,
e been barn-
since 1948!
ng Madam
alias owner-
tor Trino
s, the Lakew-
ifornia based
ll appear at
Runions
al Park in
ellford, on

Wednesday, Septem-
ber 3rd. Game time is
set for 7:00 p.m. with
the local Campbell-
ford All Stars provid-
ing the opposition.

Sponsored by
Campbellford/
Seymour Recreation
Department, the
Cuties bring along
their great comedy
show, and talented
softballers featuring
such well known stal-
warts as Hefty Helen,
Fifi the Flirt (on the
mound) Hedda Hook-

er, Wilma the Whip,
and of course, the
clown prince of soft-
ball, Trino Palacios
as Madam Hilda.

The Cuties dress in
wildest of ladies
outfits, but under-
neath it all lurks a
band of very strong
athletes who
comprise great
comedy to offset
these athletic talents.
They have been
fulfilling an average
110 game schedule
each season since

1948, and have left a
heavy trail of laugh-
er in their wake. The
show is geared for
complete family
entertainment, so we
encourage all fans to
reach for this oppor-
tunity to see a truly
fine, comedy-softball

game and show on
Wednesday, Septem-
ber 3rd. Tickets on
sale at the gate \$4.00
Adults, \$2.00
children.

Investments funds vs. mutual funds

By Harry L. Mardon
 A reader wrote in recently asking for an explanation of the difference between an investment fund and a mutual fund.
 He said he was mystified because a national business paper reported on the booming sales of

mutual funds, but quoted as the source the Investment Funds Institute of Canada (IFIC). Are they one and the same thing, or is there a difference?

The answer is that there's no difference. In fact, IFIC used to be called the Canadian Mutual Funds Association.

It changed its name some years ago, to conform with a name-change undertaken by the industry in the United States.

Despite IFIC's attempts to get journalists and the public to use the descriptive term investment fund, most people persist in using the old term. (Incidentally, in Britain mutual funds are called unit trusts.)

In essence, a mutual fund is in many ways like an investment club, where people pool together their investment dollars. However, what makes the mutual fund different to an investment club is that the fund has a professional manager look after the money. That manager makes all the decisions when to buy and sell the securities in the fund.

That is the great attraction of a mutual fund, as most of us lack the expertise and the time to make wise investment decisions. The fund portfolio manager has the experience and knowledge besides access to a lot of vital information unavailable to ordinary Canadians - to enable him (or her) to do a good job. Whether you invest \$1,000 or \$100,000 or more in a particular fund, your investment gets equal treatment. The risks and the rewards are equally shared, on a proportionate basis.

One of the major advantages of the mutual fund form of investing compared with investing money

in the stock market on your own is that there's far less risk when you pool your money in a fund. That is because the fund manager is able to spread the risk by investing the pooled money in a broad range of company shares, if it is a fund which invests in corporate stocks. There could be anywhere from 20 to 100 different companies represented in the fund's portfolio of stock holdings.

The same applies if the mutual fund invests in bonds or mortgages. The manager ensures that the risk factor is minimized, by diversifying the investments. For example, the manager of a mortgage fund would ensure that the first mortgages held in the portfolio were not all in one geographic region of Canada. He would have mortgage holdings representing all parts of Canada.

One thing to keep in mind when investing in a mutual fund is that the per-share value of the fund can fall as well as rise.

But over the long range mutual funds have proved on the whole to be rewarding to their shareholders.

You should look upon a fund as a medium to long term investment. There are some mutual fund companies, or brokers who sell mutual funds, who heavily advertise the short-term performance of this or that fund. What these

hucksters don't mention is that this sort of exceptional gain in a short space of time is no promise of future performance.

There is absolutely no investment which is immune to under-

Michael Wilson's tax reform

Tony Carlson Canadians are poised to vote newly-weds in on the threshold of the door of tax reform. new home. No doubt tax talk

isn't quite as spicy as the life of the new Mr. and Mrs. But the changes coming in

our tax system will change our financial lives as profoundly as wedlock will be a watershed for the young couple.

When federal Finance Minister Michael Wilson announced the coming reform, his words and manner were low-key. But the impact of creating a new balance among personal, corporate and sales taxes will be massive.

'We must reverse the trend which has resulted in greater reliance on personal income taxes,' he said. 'We want to get down personal tax rates. To the extent that we can bring down corporate and Cont'd to page 8A

"FREE CAR REPAIRS??"

DAVE COOK
SERVICE MANAGER

Not exactly, but it's the next best thing. It's our free Lifetime Service Guarantee and it means you'll never have to pay twice for the same repair. Here's how it works: If your Ford-built car, or light truck ever needs to be fixed, you pay once and we'll guarantee that if the covered part ever has to be repaired again, we'll fix it free. Free parts. Free labour. Our Lifetime Service Guarantee lasts

as long as you own your vehicle, no matter where or when you bought it. It covers thousands of parts. And nobody else has a repair guarantee this good — or one that even comes close. So if your vehicle needs repair, bring it to us and get our free Lifetime Service Guarantee. It's the next best thing to free car repairs.

This limited warranty covers vehicles in normal use, and excludes routine maintenance parts, belts, hoses, sheet metal and upholstery.

We fix cars for keeps.

★ 613-473-4273 ★

in Britain, and most recently in the United States.

South of the border, Congress is working on a bill which will, this fall, result in large reductions in basic tax rates: from 46 per cent to around 35 per cent for corporations and from 50 per cent down 34 to 39 per cent for individuals. That will be coupled with the elimination of tax credits, exemptions and so on, including the so-called loopholes which irk everyone who can't take advantage of them.

In Canada, our top corporate rate is 46 per cent (25 per cent for small business). If you're talking personal income tax, the top rate is between 52 and 60 per cent.

If the U.S. bill passes - which is about as certain as anything can be in politics - and if Canadian rates stay the same, we could be looking at a massive hemorrhage - as

businesses transfer their operations south to take advantage of the huge difference in personal and corporate taxation.

The result: Mr. Wilson must move, and quickly, probably by the first of 1988.

But the changes go much deeper than just chopping income tax rates, for the government must

still collect money to run the country. Thus the talk of a new tax, a Business Transfer Tax, to replace the flawed Manufacturers' Sales Tax (MST).

Lend a hand to clean our land!

ownship Athlete

Gold Medal Winner

Doug Reid of R.R.1 Madoc, came home from his trip to Newfoundland with more luggage than he left with.

A Gold Medal, a Trophy and share of the title of National Champion, Junior Men's Softball.

Doug, who plays for North Fredericksburg Kings, said it was quite an experience. "We had some tense moments in the early rounds," he said, "and I guess you could say we were a bit down when

we lost a couple of games."

Mr. and Mrs. Gerald Reid accompanied their son to the tournament and Mrs. Reid said that they had enjoyed the trip "but the win was the icing on the cake". They are proud of

Doug and his teammates and feel that each member of the team made a valuable contribution. Doug echoed these sentiments and added "We really had good pitching to keep us in there".

Doug was one of three members of the Kings to be chosen for the tourney All Star Team. Reports indicate that his hard work and effort at first base earned him this honour.

The Kings will now start their playoff round in their local league. Doug will see action in only one of these games as he has to report back to University for the Fall Term.

Congratulations Doug, to you and your Team-Mates.

Volunteer Honored

Ailene Pigden and Tom Deline.

Last Thursday, Ailene Pigden was honored at a presentation on the last day of the summer Swim program.

On the last day of the program it is customary to celebrate with a party for the participants. This year was a little different. Mrs. Pigden was retiring from the program after fifteen years of continuous service.

To her surprise, Mrs. Pigden was presented with a retirement gift from the four young ladies who had taught the classes this year. Dawn Wiggins, Sandy Reeves, Laura Raviss and Heather Rhoe wanted to show their appreciation and did so in the form of a porcelain figurine of a frog in

an armchair, complete with an inscribed plaque.

These four young ladies had been students in the program and at least one of them, Dawn Wiggins, had been involved from the very beginning as a young "swimmer". Another surprise was in store for Mrs. Pigden as Reeve Tom Deline presented her with an inscribed plaque and a framed letter from the Madoc Village Council.

Quite a few parents were on hand along with dozens of youngsters in wet bathing suits listened as Reeve Deline read aloud the contents of the letter. It commended Mrs. Pigden for the hard work and diligence she has displayed

over the past fifteen years in organising the program which has given so many young people an opportunity to enjoy learning swimming skills and water safety.

Mrs. Pigden is not retiring in the sense that she's going to sit at home and knit. Far from it. She is currently first vice president of Ladies Division of Zone Three of the Agricultural Fairs of Ontario, which encompasses some nineteen fairs and is about to undertake a larger work load and more responsibilities in connection with this organization.

Mrs. Pigden said that she had enjoyed her association with the swim program and really appreciated the thoughtfulness of the presentations.

New Public Health Inspector

Joseph Yari

One of the two Public Health Inspectors working out of Madoc is Joseph Yari.

Joe is a Certified Public Health Inspector and has been on the job here for about two and a half months. No newcomer to the Public Health Inspection

field, he brings with him some twelve years experience from the Kitchener and Simcoe areas.

For the most part, a PHI is an individual that we know is there but rarely get to see. A quick check with five members of the public showed that two people thought

his responsibility started and stopped with checking out kitchens in restaurants, one thought his sole responsibility was checking the cleanliness of public washrooms, another said an inspector works with disease and the last one thought that inspection of septic tanks and sewers was his responsibility.

Four of them were partially right. Septic tanks and sewage is no longer under the inspection of the Health Unit. Joe's activities are many and varied, and while the inspection of food handling, processing and restaurant cleanliness is part of his job

there are several other areas that are his concern.

Community drinking water, investigation of suspected rabies cases, food-borne disease outbreaks, inspection of cottage subdivision sites, recreational facilities, schools, nursing homes, hotels and trailer parks are some areas of inspection.

When asked about the rumours concerning a crack-down on bake sales and potluck suppers, Joe said, "It's not our objective to put a stop to these functions. The biggest priority we have is to promote the use of

Cont'd to page 5

Madoc Fair

We were informed by Bob Hawley at press time that the Madoc Fair Board has finalized insurance arrangements for the September Fair. There had been considerable negotiations undertaken to

reach this point. Insurance was readily available for all events excepting the demolition derby.

Insurance has now been obtained which covers this event as well.

"All the volunteer needs is a willingness to learn and have fun, be able to work with girls and other leaders and be over 18 years of age," she said.
Mrs. Ford has been involved with Guiding in Madoc for the past seven years and says that the experience and knowledge gained in being a leader will make you a valued member of the community, adding, "Guiding is one very special form of volunteer community service." General training sessions, workshops and outdoor training is provided and while these are not compulsory, they are fun and worthwhile.
Mrs. Ford concluded her comments by saying, "Our community has been blessed with a very active Guiding Movement, involving a large number of girls, but if we are to continue, we need Leaders.
If you are interested, or need more information, contact Vivian at 473-2952 or Rita 437-2920, they will be happy to talk to you.

Young Cartoonist

Edward McKenney with one of his "Dust Busters" cartoon strips.

Edward McKenney is a budding cartoonist looking for direction.

Ed, fifteen years old, will be going into grade 10 next month and is planning ahead for a career as a 'creator of strip cartoons.'

He says that he has always enjoyed Art

Class in school, mentioning in particular the Advanced Art class by Mrs. Brenda Hudson and the instruction and perspective by Mr. Garnett Holmes.

It seems, according to Ed, that he is the only one in the family with artistic leanings. "Dad

'doodles' a bit,' said Ed, "but nothing serious."

Ed is planning on finishing high school and during this time, he'll keep working on his cartoons and art, while looking for the best route to take in establishing himself in his chosen field.

Horseless Plow Match Confirmed

Edgar Wilson, President of the Ontario Plowmen's Association confirmed last Friday that there will be no horse-related events at the International Plowing Match.

Extensive negotiations with several sources of insurance proved fruitless. The cost was the deciding factor with the

premium asked for this year's event at \$34,000 for \$5 million coverage compared with \$7,000 for \$10 million last year.

Wilson said, "The Association felt that the excessive amount was not in the best financial interest of the match on a long-term basis."

He said, "We regret the decision,

but it wasn't arrived at without intense discussion and reservations."

Commenting on the fact that some people will be disappointed that the horse events will be missing, a spokesman said that these events constituted about five per cent or less of the actual plowing activities.

Pollock checks Hospital Treatment

The news item published by this newspaper, August 3th, about Richard Patterson's nightmarish ordeal at two Toronto hospitals has attracted the attention of MPP Jim Pollock.

In a letter, dated August 18th, to Health Minister Murray Elston, Pollock stated, "I am horrified to think that one hospital emergency unit should send a patient away twice and another once in such a condition."

In an interview with Mr. Pollock on August 22nd, he commented that, "Sometimes our smaller hospitals have to transfer patients to the larger, more equipped, Toronto hospitals to conduct specialized

examinations, but this is a reverse twist." He also said that, "A letter has been sent to Health Critic Phil Andrews. He intends to continue in his efforts to have this matter investigated and to advise the Patterson

family of the Health Minister's action." Richard Patterson is the 23-year-old Blairton man who was released by two Toronto hospital emergencies while he was in a life threatening condition.

Bed and Breakfast Wanted

There's no room at any inn within 40 miles of the 1986

Hastings County International Plowing Match and Farm

Machinery Show. To accommodate some of the 150,000 expected visitors to the September 16-20 Match being held at Stirling, an appeal is out for area householders to open their homes as bed and breakfast establish-

ments during the big event.

We're pleased with the response we've had thus far," reports Billieing Chairman Reid.

If you're interested in participating in the International Plowing Match and Farm

Machinery Show billeting program or would like more information, contact: Mrs. Kathy Reid, Billieing Chairman R.R.1, Stirling Ontario, K0K 3E0. Phone Business (613) 395-3962 Home (613) 395-5171

Association of Municipalities of Ontario

Once a year, reeves and council members from the locality join with more than 1,000 mayors, reeves, aldermen and councilmen in Toronto to discuss issues affecting municipalities all across the province.

This year, more than 200 resolutions will be discussed on a wide variety of topics, some of which will pertain to local issues. Some will have an effect on provincial happenings and some recommendations

will find their way to the federal level.

This year, the delegates will be able to attend seminars by Consumer Affairs Minister Monty Kwintner on escalating municipal insurance rates, Municipal Affairs Minister Bernard Grandmaitre, who is expected to discuss a report on municipal election reform, and other key speakers on issues of importance.

There are several workshops scheduled during this meeting and two of them might prove worthwhile for our local politicians - agricultural land preservation and choosing waste management sites.

HORSESHOE PITCHING TOURNAMENT

Sat. Sept. 6
Registration
9-10 a.m.

At the site of the 1986 International Plowing Match Stirling, follow the signs.

There are good prizes and an entry fee of \$5.00.

Winners of this tournament will receive the Molson Trophy, plus represent Hastings County in the International Horseshoe Pitching Tournament Sept. 20th.

Big Brother and Big Sisters

Have you ever been in a Car Rally? Do you know what a Car Rally is? Did you hear that Big Brothers and Big Sisters of Centre Hastings is having one as a fundraiser on Sunday September 7th?

Car rallies can be as complicated as an income tax form, or

as simple as mailing a letter. They can be a very serious time trial effort, or they can be simple foolish things. Big Brothers and Big Sisters are aiming for the midway point of these extremes. They intend making the Rally hard enough to be a challenge, but with enough fun that you will be laughing most of the way.

The agency presently has people out in the four areas of Madoc, Marmora, Tweed, and Stirling - driving round back roads, checking out signs, swamps, trees, houses and barns, posters, hudro poles, etc. etc. looking for something that catches their attention. They are also checking their mileage between these various interest points and marking it down on a chart.

They mark down a left turn or right, or a Y junction, a T junction, a stop sign, a yield sign, etc. and when they feel they have enough items listed, and distance covered they return through a slightly different route and do the same things all over again.

All these rough notes are then translated into written instructions that the navigator of the rally car can read to the driver. The team will be expected to spot as many of the interest items, solve as many riddles, and cover as much distance as they possibly can without getting totally lost. They will get points awarded for everything they complete and the team with the most points will be awarded a trophy.

However, to make

things a little more challenging, the navigator MUST be a child aged 15 or under!!

If you want to get in on a real fun event, PLUS know you are helping a local agency raise much needed funds to get through the winter, pick up a registration form from your local gas station or Beckers. The ten dollar registration fee will go directly to big Brothers and Big Sisters of Centre Hastings, and will be kept entirely within this area to help with their work with local children.

By the way, if you get completely lost during the Rally, there will be a sealed envelope with a "Find your way home" map in it! Come on out and have some FUN.

Car Rally

Madoc School

Heating Not Ready

The new heating system being installed in Madoc Public School is far from being complete. Work has concentrated on the classrooms themselves and these will be

ready to use when the students return to school. Workers are now working on high traffic areas in corridors and change rooms and these should be completed by the time school

re-opens.

There is no estimate as to when the job will be finished except that it is expected to be done in time for the heating season.

Rabies

September 13th

September 13th is the date that the new Rabies Vaccination by-law comes into effect and all cats and dogs over three months of age must be vaccinated against rabies.

Although it's a horrible way for a pet to die, the compulsory vaccination is primarily for the animals' benefit.

It is intended to

protect people from the disease.

Dr. P.J. Halket, Medical Officer of Health, says, "More than 50% of the human exposures to the disease occur from contact with owned unimmunized dogs and cats -- often one's own household pets."

Special, low cost clinics for rabies vaccination for your

pets have been established for September 13th and 20th. Check with your local veterinarian for times.

The expected increase in the numbers of rabid animals in the fall is a matter of serious concern to the authorities. It should be of serious concern to pet owners too -- Rabies is fatal in humans.

IF YOU ARE
FIFTY-EIGHT YEARS OF AGE OR OVER
OR A HOUSEHOLD WITH CHILDREN

THIS IS OF INTEREST TO YOU

The Village of Madoc in conjunction with the Ministry of Housing, is conducting a survey to determine the need for market and rent-gated-to-income housing for senior citizens and families in your community.

Questionnaires are being distributed to senior citizen and tenant family households as part of a survey to determine the interest in this type of housing.

ONLY BY COMPLETING A QUESTIONNAIRE CAN YOU HELP TO DETERMINE WHETHER THERE IS A DEMAND FOR MARKET AND ASSISTED RENTAL HOUSING FOR SENIOR CITIZENS AND FAMILIES.

Seniors and families interested in obtaining more information or who did not receive a questionnaire and would like one sent to them should contact:

Quinte Arts Council Meeting

The Quinte Arts Council (QAC) will be holding its Annual Meeting at 7:30 p.m. on Wednesday, September 10th, 1986 at the Corby Reception Centre. Members of the pub-

lic are welcome. If you plan to attend, call the QAC office at 613-962-1232 weekdays from 1:00 to 5:00 p.m.

Guest speaker this year is Betty Speers. Cont'd to page 7

Drinking Age

With various interest groups lobbying the government to increase the drinking age, and the government still considering beer in corner stores, there could, if these changes come about, be some adverse effects on licensed establishments.

Bob Bancroft of the Madoc Hotel says, "There was a distinct change in my business when the drinking age was lowered. We had to cater to the lower age group and try and satisfy our established customers at the same time. Gradually, the older customers drifted off to clubs and the like that didn't have a lot of younger customers

or who catered to the older group. If the drinking age is moved up again, it is very unlikely that we will be able to attract those customers that we lost when the age changed before. They have become accustomed to their new clubs."

He agreed that the proliferation of lounge and dining licences are having an effect on establishments such as his, and cited numbers showing the increase in such licences in Belleville over the past few years.

One does not have to be an economist to realise that the pie can only be cut so many ways.

Health Inspector

Cont'd from page 1
safe food handling practices by all groups concerned.

We cannot cover every event, simply because we are not always aware of them. We do check out those events for which a liquor permit has been issued. The Liquor Board routinely advises us of permits issued.

If you are planning an event at which food is to be served, Joe will be more than happy to advise you on food handling as required by the Public Health Act. Simply call him at the Health Unit.

Not too long ago, a report out of Toronto cited pot-luck suppers and bake sales as being the number two cause of food poisoning outbreaks in Ontario. So, perhaps this is one area where an

ounce of prevention is worth more than a pound of cure.

Joe is finding his way around his new home territory and is enjoying it and the people he has met. He says that he enjoys the country life and is looking forward to settling in the area.

"THE ELECTRIC PEOPLE"
334 Pinnacle St. Belleville
962-5331

Lots of Free, Easy Parking
Open Thurs. & Fri. nights - All Day Saturday

September is over, the children are back in school, and for many people it means a new round of committee meetings and volunteer work.

Volunteers are the key source of any non-profit organization. The volunteer has a chance to evolve, to meet new people, possibly to prepare for a paid job. The association on the other hand, gains helping hands, someone who has access to the public pulse and someone who is a link to the community. Volunteer work is also an

opportunity for self-growth and a chance to expand one's awareness of people and perspectives. Volunteers are important people to society where the complexity of life requires a cooperative approach for everyone's benefit. Once you've got volunteers for your committee, how can we hold onto them?

Often after the volunteer has been recruited, trained and given a task to complete, he or she will lose that initial enthusiasm that you've tried to develop. Once again, a few people on the board will be doing

all the work; it'll be tough getting a quorum for a monthly meeting; and everybody will begin to get frustrated (again). Your task continues! Volunteers, whether they are on the executive, are chairpersons of committees, boards and committee members, or workers who provide the much needed manpower for all those programs "need to feel needed".

(1) The task is worthwhile - make sure that the volunteer knows that what he/she is doing contributes to the organization.
(2) Sense of achieve-

ment - everyone needs to feel that the organization is making progress, that his/her work is helping to get the group closer to that success. Setting short-term goals, giving periodic reports and celebrating the minor victories together may be ways to help a volunteer see that he or she is getting somewhere.

(3) Recognition - give the volunteer: a smile, a word of encouragement, praise, request for his/her advice, special mention in public, a newspaper profile, a small gift of

appreciation..... Everyone needs to know that others appreciate his/her work and extra effort. These are just three areas to think about in keeping volunteers once you've got them.

Antique Plowing

Ever had a yen to try your hand at Antique Plowing? The Hastings County International Plowing Match and Farm Machinery Show will provide the opportunity! Here is the equipment you need - tractor at least 40 years old; preferably on steel or have been converted to rubber;

plows about the same age - two or three furrow and on steel or converted. The top three will compete for the Championship on the last day of the Plowing Match

(Saturday); and the prizes are plaques and cash. The deadline for entries is August 25 - contact Ted pollock, R.R. 2, Stirling Ont. K0K 3E0

RECYCLING PROGRAM

CENTRE & SOUTH HASTINGS COUNTY
SOLID WASTE MANAGEMENT MASTER PLAN

The Municipalities of Centre & South Hastings County are undertaking an environmental assessment of solid waste management leading to the development of a solid waste management system for a 25 year period. An important part of the Assessment is the investigation of alternatives to the disposal of solid waste by landfill.

As part of the assessment, the Waste Management Committee is developing policies with respect to encouraging private proponents to establish and operate alternative waste management facilities. The Committee is inviting submissions from private interests that might participate in the long term solid waste management system. Expressions of interest are therefore invited. Submissions will be treated confidentially and should be forwarded to:

Mr. Michael Pratt
Project Manager

Elzevir and Grimsthorpe

A special meeting of the Elzevir and Grimsthorpe Township Council was held on Monday, August 18, 1986 in the Council Chambers at 7:00 p.m. Reeve, Jack Robinson, presided over the meeting with Deputy Reeve, D. Brough, and Councillors, G. Best, H. Lewington and S. Roy in attendance. It was moved by D. Brough and seconded

by H. Lewington that the minutes be adopted as circulated. Carried. The Council met with representatives, David King and Jeanne Vineff of the M.R.C.A. in the main hall. They discussed the new regulations the Authority is planning on and answered questions regarding flooding, ice jams, fill, applications for fill, the flood plain

and township roads near the floodplain.

After discussion of the information from the M.R.C.A. representatives, it was moved by G. Best and seconded by D. Brough that the Council of the Corporation of the Townships of Elzevir and Grimsthorpe, being aware of and understanding the implications of the policies set out in the

"REGULATION MADE UNDER THE CONSERVATION AUTHORITIES ACT - FILL, CONSTRUCTION AND ALTERATION TO WATERWAYS" does hereby concur with the application of the Moira River Conservation Authority for approval under the Conservation Authorities

Act, of this Regulation. Carried. By-law No. 86-7 was re-introduced.

Second Reading: moved by D. Brough and seconded by G. Best. Carried.

Third Reading: moved by H. Lewington and seconded by G. Best. Carried.

The By-law was then signed and sealed.

It was moved by H. Lewington and seconded by D. Brough to receive and file the following correspondence for information:

1) Big Brothers and Big Sisters Organization re Fun car Rally;

2) Ministry of Housing - an Act Respecting the Protection of Rental Housing;

3) Committee of adjustment - notice of a public hearing, Wed., Aug. 20 re VanMeer;

4) Hastings & Prince Edward County Health Unit - notice of Rabies clinics to be held September 13 and 20th at Roslin and Stirling Veterinary Clinics, 10:00 a.m. to 2:00 p.m.

5) Proctor & Redfern for the Waste Management Master Plan - information package;

6) Minutes: Hastings County Planning Advisory Committee, M.R.C.A.

H. Lewington adjourned the meeting, to meet next on Tuesday, September 2, 1986 at 7:00 p.m. or at the call of the Reeve.

DES

DES (Diethylstilbestrol) is a synthetic estrogen that was prescribed for women with problem pregnancies. DES was banned in 1971 when it was discovered that it was not as effective as first thought and that it produced undesirable side effects. It was also found to cause a rare form of cancer in daughters of mothers who had used DES during pregnancy. The risk of developing this cancer is small and should not be blown out of proportion. Additional after effects of this substance has been

showing up in problems in the reproductive organs of sons and daughters.

A registry is now in operation in Toronto and so far 900 of the estimated 35,000 users of DES have registered.

Its purpose is to monitor the health of DES exposed individuals and to generate research into the effects of DES.

Anyone wishing more information on this confidential registry should contact - D.E.S. Research Registry, The Wellesley Hospital, 160 Wellesley Street East, Toronto, Ont. M4Y 1J3.

Quinte Arts Meeting

Cont'd from page 5
former Executive Director of The Theatre and Arts Community Centre in North Bay.

Renowned for her work in community arts development, Mrs. Speers was instrumental in establishing an arts centre in a former movie theatre in downtown North Bay. Along with many key volunteers in that community.

Mrs. Speers was involved in fundraising, government lobbying and setting up the operational structure of the new centre.

As many arts groups and individuals in the Quinte area look forward to a time when Belleville has an arts centre, Mrs. Speers' experience over the last ten years will most certainly provide an interesting perspective on our future plans.

Queensborough News

By Goldie Holmes.

Messrs. Robbie and Jeffrey Lynn of Grafton spent a weekend recently with their grandmother Mrs. Will Lynn.

Mrs. Arthur Holmes was an overnight guest of Mr. and Mrs. Robert Turner "Sr." on Saturday and they

attended the Muir - Malette wedding in King Street United Church. The reception was held in The Knights of Columbus Hall in Trenton. Rev. Abel Parsons officiated at the wedding.

Mrs. Frank O'Rourke spent a few days recently in

Toronto with Mr. and Mrs. Desmond Van Rooyen.

St. Andrews United Church Vacation Bible School was held in Cooper Community Centre last week.

Mr. and Mrs. Ross Blakely of Long Sault spent the weekend with Mr. and Mrs. Fred Bosley.

Gypsy

A report out of the MNR in Tweed indicates that the Gypsy Moth Spray Program was 96% successful. The four percent represents about 3,400 hectares of the 103,100 hectares sprayed. These results are encouraging according to the ministry who are working on plans for next years spray program. The 1986 spray program cost about \$12 million including the cost of building airstrips and loading sites.

Mr. and Mrs. Hugh Barker of Eldorado on the occasion of their fiftieth anniversary, August 5th, 1986.

Hunt
Members of the
Madoc and Distr.
Hunt Club are
members of Duck
Unlimited
together last Sunday
morning to construct
some 25 nest boxes
for wild ducks.
Now, if you do
know much about
ducks, then it won't
seem strange that
these men would
spend a morning with
hammer and nail
making boxes. If you
know a little about
ducks, you still might
not think it strange
that they should need
nest boxes. However,
if you were a
member of Duck
Unlimited, you would
know that Wood
ducks need nest
boxes.
It's because of
Wood duck, unlike
the majority of other
ducks we see around
our area, nest in
holes in trees.

Club and Ducks Unlimited members help nature

Ten or so years ago, the Wood duck was becoming hard to find, and conservationists in the USA began a successful program of building nesting boxes in an effort to increase their numbers.

It seems that there have been about a dozen of these nesting boxes in place at the Hunt Club swamp for some years now and the Wood ducks' population locally has improved.

The boxes are put in place during freeze-up and then cleaned out and readied for the ducks just before thaw. They have to be checked fairly regularly to make sure that some other bird species hasn't set up home.

The Ministry of Natural Resources paid for the materials used in making the boxes under a grant from the Conservation of Wildlife Program. Peter Daniels of Town and Country Construction in Queensborough pre-cut the boxes and the volunteers assembled them. About a dozen of the boxes will be placed around the swamp on the Hunt Club's property and the remaining boxes will be spotted around the countryside by club members.

life Program. Peter Daniels of Town and Country Construction in Queensborough pre-cut the boxes and the volunteers assembled them. About a dozen of the boxes will be placed around the swamp on the Hunt Club's property and the remaining boxes will be spotted around the countryside by club members.

Smiling group of volunteers with completed nest boxes

Last year, a \$20,000 water control dam was built for the swamp at the Hunt Club, and this year, members hope to see some results from this controlled water level. Until now, the water level was dictated by beavers and their dams. More often than not, too much water accumulated making it impossible for ducks to forage on the bottom.

On Sunday there were dozens of ducks taking off and flying around, prompting one member to practise his calling skills.

The ducks heard him and promptly flew away.

Sunday, September 14, 1986

Sixth Annual Terry Fox Run

BY PAT DELINE
Sunday, September 14, 1986, the 6th Annual Terry Fox Run will take place from the Havelock - Belmont Legion, Branch 389, who are sponsoring the Run again.

Pledge sheets are available at any post office. Havelock Beckers or Steadman's store and the Legion. For those people who just want to participate, an entry fee of \$5 is necessary. Registration takes place from 8 a.m. to 3 p.m. Official start at 10 a.m.

The course is 10 km. or six miles around town twice, starting and ending at the Legion Hall. On completion of a run, jog, walk, bicycle, push a wheelbarrow, wheelchair, roller skates, or ride a horse, the participant will receive refreshments provided by the Ladies Auxiliary and a certificate, if you don't already have one, and a seal if you do.

There will be prizes, balloons, and buttons also for those who take the time to

come out and join us to help us exceed the over \$3000 we realized last year to continue Terry's Marathon of Hope. The money realized from this event is for Research to try and find a better way

to treat this dreaded disease and provide funds for students who want to be educated in this field. Over \$3.7 million was raised last year.

Hope to see you Sunday and bring a friend.

'Strict is fair'

The Labour Day holiday weekend marks the close of the summer vacation season and as a result, a high volume of traffic is expected on Ontario roadways leading to and from the cottage country areas.

Ontario Provincial Police Officers from across the province report a noticeable improvement in the driving behaviour of Ontario's motoring public. Highway deaths on holiday weekends have been drastically reduced.

To remind motorists of their responsibilities, the OPP "Strict is Fair" traffic enforcement program will again be in full effect.

As impaired driving and excessive speed continue to be the main factors in most fatal accidents,

the OPP will be utilizing their RIDE program and radar units to reduce traffic accidents and deaths.

"This summer the Ontario drivers' response to traffic safety initiatives by all police forces in Ontario has been very rewarding," said OPP Commissioner Ferguson.

Commissioner Ferguson expresses his sympathy to those families who have lost loved ones through tragic car accidents and pledges a maximum effort by his officers to minimize any further loss of lives on Ontario's highways.

During the 1985 holiday weekend 10 people were killed in nine fatal traffic accidents on roads patrolled by the OPP.

Oh dear! I've got it!

California Cuties will in Campbellford

never witnessed the famed comedy softball show, The California Cuties, then you have a right to ask. They are the names of the entire

roster of the famed barnstorming team which will meet the host Campbellford All-Stars on Wednesday, September 3rd.

club, organization, business, employees, membership, executive, community, etc.... Please contact us at the phone number listed below. Our Training Centre Office is located in the Norwood Town Hall Basement and is open Monday to Friday during the hours of 9:00 a.m. to 4:00 p.m. We would be happy to make arrangements to come and speak!!!

A SPECIAL EVENT.... We certainly appreciate any fund raising project or endeavour that you might consider undertaking on our behalf. For suggestions, ideas, assistance, aid in promotions, Training Centre promotional items (hats, buttons, brochures...) etc. Give us a call 705-639-2121.

Resident sport fishing licences

Ontario will introduce a resident licence for sport fishing in 1987. Ontario Natural Resources Minister Vincent Kerrio announced recently.

Mr. Kerrio said the licence will be required of most Ontario residents aged 18 to 64. Senior citizens and the disabled will be exempt, as will Status Indians fishing on their reserves or treaty areas. The annual licence will cost \$10 while a short-term licence to fish for four consecutive days will cost \$5.

"In public meetings held across the province, and through angler surveys, we have received strong support for this licence," said Mr. Kerrio.

"People have indicated strong approval for plans to put funding equivalent to revenues generated from this licence - projected to be 9 to \$10 million a year - into fisheries improvement programs. This support indicates that the time is ripe to adopt the 'user-pay' principle in fisheries management."

"As a result of comments expressed in public meetings, we decided to exempt senior citizens from the licence and to incorporate the short-term licence for occasional anglers," Mr. Kerrio said.

Californ Cuties

Fishing

Cont'd from page 2A

The licence will be widely available through the Ministry of Natural Resources' (MNR) network of private licence issuers, which includes sporting goods stores and tackle and bait shops. The network will be expanded as required to meet the demand for the licence. MNR district offices will also distribute the licences.

Mr. Kerrio said Ontario is among the last of the provinces to introduce a resident angling licence.

In January, Cabinet gave approval in principle to the proposed licence. Since then, the Ministry of Natural Resources has held more than 30 meetings across the province to hear public views.

Questionnaires, angler surveys and letters to the ministry indicated that most people favored a licence, providing that funding equivalent to revenues generated is used in fisheries management.

The additional funding will be used to improve the quality of sport fishing in Ontario. Mr. Kerrio said. It will go toward programs to protect, rehabilitate and enhance Ontario's fisheries, both in northern and southern Ontario.

For example, we can consider such projects as fish culture stations, the construction of fish ladders to aid naturally-reproducing species, improved enforcement capability and restoring fish habitat in urban areas to provide more fishing opportunities nearer people's homes.

Mr. Kerrio said the resident angling licence will also give ministry staff important information about how the resource is being used. It will tell us who is fishing where and for what. With this information, we'll be better able to gear our fisheries management programs to the needs of resource users.

A Fisheries Advisory Council, to be made of members of the public, will advise the Minister on fisheries management priorities and fisheries-related expenditures.

The investment which anglers make in our fisheries resources will have far-reaching benefits in increased employment and tourism and recreational opportunities," Mr. Kerrio said.

For more information: John Byrne, Fisheries Branch, Toronto, 416-965-7886.

Now's the time to collar MPs

Carlson murky of power thousands way for lars who se who e virtual shadow of the Peace Tower often get that long distance feeling when it comes to communicating with the men and women who populate Parliament Hill, setting the

policy for our nation.

But at this time of year, as the harvest fairs begin to sprout and the corn tassels out, our MPs are, for the most part, back home, within range of the human voice.

They're there to press the flesh, and to sell their successes to be sure. But it's also a perfect opportunity to let them know what's on your mind, whatever the issue, whatever party your member pledges allegiance to.

For once your

words of wisdom need not be subjected to the whims of Canada Post or lost among the aides who answer the phones on the Hill. No, chances are, if you're the least bit involved in community get-togethers over the summer, you'll have a chance to have your say face-to-face.

Even if your complaint list is short, it's worth the effort, for when else, except perhaps at election time - do you have the same

personal platform? It's participatory democracy at its best.

There's no need, either, to limit yourself to the bad news. Politicians are constantly hammered by complaints from all sides and you can provide a welcome breath of fresh air if your plaudits are plentiful. After all, they're human, really they are, and they appreciate a pat on the back for a job well done as much as you or I.

home front is just as far away from the provincial capital (geographically and otherwise) as it is from Ottawa.

Speaking of local goings-on, it's also not a bad time to get up to speed on community politics. Some provinces have municipal elections this fall and campaigners are already gearing up to hit the hustings.

But even if your council has another year or two in its term of office, it's still regularly deciding on issues which

affect everything from the quality of your sidewalks and sewers to the tax bite on your home and business. Not to mention the school boards whose trustees are responsible for spending the lion's share of the property tax you pay to run the schools your children will attend.

In one sense, it's easier to approach these local leaders who are on the scene in the community all year.

But politicians at Cont'd to page 8A

Stirling's "Royals" Mite rep team

An 'unforgettable experience

ent'd from page 3A
more than 30 coun-
tries around the
world. There are
departures in
summer or in winter
depending on the
country chosen. The
programmes last
seven to twelve
months.
It's an unforget-
table experience",
says Andrew Ather-
ton who is back from
one year in France. "I
had a terrific time
with my host family

and made a lot of new
friends. I discovered
France and its
culture by living with
its people. Now I also
speak French
fluently."

In addition to the
intercultural learn-
ing, the exchanges
programmes of
Interculture Canada
encourages the
personal growth and
development of
teenagers. My
daughter has
returned home with

more self-confidence
and radiant with
happiness. She now
shows more open-
ness, flexibility and
responsibility" says
the mother of a return-
ee from Venezuela.

Students interested
in obtaining more
information about
Interculture Canada
Programmes may
call 1-800-361-7248 or
write to 59 St-Jacques
Str. O. Suite 700,
Montreal, Que. H2Y
1K9. Final applica-

tions must be
received by October
30th for winter depart-
ures and November
30th for summer
departures.

Interculture Canada
is a not-for-profit,
non-governmental
organization. It is a
member of AFS
International/
Intercultural Pro-
grams Network with
over 70 member
countries, making it
the world's largest
exchange organiza-
tion. Interculture
Canada promotes
world peace by
stimulating the
candidates' interest
in learning about
other people and
understanding
cultural differences.

The lovely Julie Gauthorpe, of Corbyville, was one of 16 competitors at the Norwood Chamber of Commerce's 2nd Annual Variety Show held last Sunday afternoon at the Norwood Fairgrounds. A large crowd was on hand as Julie Simpson of Belleville sang her way to victory and a \$500 cheque. It was all in a good cause -- the Eastern Ontario Firefighters Training Centre being built in Norwood.

Julie Simpson of Belleville left Norwood \$500 richer last Saturday afternoon after she out-sang 15 other competitors at the Norwood Chamber of Commerce's 2nd Annual fundraising Variety Show held at the Norwood Fairgrounds. Proceeds from the day's activities go to the Eastern Ontario Volunteer Firefighters Training Centre being built in Norwood.

September 13th important date

Dr. P.J. Halket, Medical Officer of Health, says, "More than 50% of the human exposures to the disease occur from contact with owned unimmunized dogs and cats -- often

one's own household pets."

In effect

September the 13th is the date that the new Rabies Vaccination by-law comes into effect and all

cats and dogs over three months of age must be vaccinated against rabies.

Although it's a horrible way for a pet to die, the compulsory vaccination is primarily for the animals' benefit.

It is intended to

protect people from Rabies is fatal in the disease. humans.

all levels repeatedly say that they want input from their constituents. After all, we're the ones who hold the power of the ballot box over their heads.

So why not take them at their word and exercise that democratic right.

After all, didn't someone once say,

'Use it or lose it'?

MEMORIALS

HULSMANS - In loving memory of Charles Hulsmans who passed away August 23rd, 1985. It is sad to walk the road alone. Instead of side by side. But to all there comes a moment. When the ways of life divide. You have us years of happiness. Then came sorrow and tears. But you left us beautiful memories. We will treasure through the years. Sadly missed by wife, Josephine, and family.

MEMORIALS

CROSS - In loving memory of a dear daughter, Margaret, who passed away August 24, 1984. We think of you in silence. And often speak your name. All we have are memories. And your picture in a frame. Our hearts still ache in sadness. Our silent tears still flow. For what it meant to lose you. No one will ever know. If we could have one lifetime wish. One dream that could come true. We'd pray to God with all our hearts. For yesterday and you. Sadly missed by Mother, Dad and brothers and sisters.

McCOLL - In loving memory of a dear father and grandfather, Kenneth James, who passed away August 25, 1984. Although it's been two years, it seems so much longer. You're constantly in our thoughts. And always in our hearts. Sadly missed and lovingly remembered by Don, Jutta, Kevin and Sharon.

SOLMES - In loving memory of a loving grandfather, Faron, who passed away August 19, 1982. Wonderful memories woven in gold. This is a picture we tenderly hold. Deep in our hearts a memory is kept. To love, to cherish, to never forget. We mention your name, and speak of you often. God bless you Faron. You're not forgotten. Always loved, never forgotten. Nan and Pop.

SOLMES - In loving memory of a dear son, Faron, who passed away August 19, 1982. Along the road to yesterday. That leads me straight to you. Are memories of the happy days. Together we once knew. And always every evening. I seem to have a way. Of wandering back to meet you. On the road to yesterday. Always missed, never forgotten. Dad.

MARRIED man with clean Class A licence seeking full-time employment. Call George 613-473-2333.
